Growing the Health of our Communities

COLLABORATIVE VALUE-BASED CARE

LAMOILLE HEALTH PARTNERS

Pharmacy Service Line Expansion "Not just about prescriptions"

- Community Health Pharmacy and Lamoille Health Pharmacy
- Creating value beyond the prescription to impact care. Clinical pharmacist value:
  - Support treatment plan
  - Collaboration/recommendations to provider

- Improve medication compliance and refill rates
- Decrease adverse drug events
- Identify/address non-compliance well before next provider visit

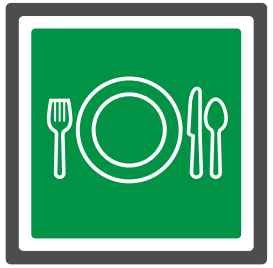
Heart Health Food Program
“Food As Medicine”

Lamoille Health Partners is building a bridge between food access & healthcare

Medically Tailored Meals. Integrating meal options for patients with a range of nutritional tailoring



Building capacity for medical tailoring. Food access to meet different patient needs and rural transportation challenges

LAMOILLE HEALTH PARTNERS

Food Security Program

Lamoille Health Partners partners with patients in addressing food security.

[Screening & referral]

Program includes Bounty Share, Everyone Eats Meals and grocery gift cards

These programs have provided approximately 2,000 solutions to patients since the fall of 2020

LAMOILLE HEALTH PARTNERS

School Based Primary Care

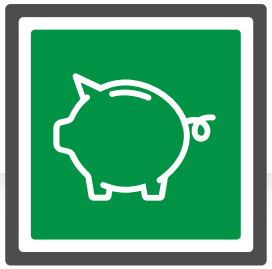
- Johnson Elementary School launched spring semester 2022. Offer student body oral health, behavioral health and pediatrics.
- Hygiene services started March 2022 offering services once per month. Delivered services to 20 students. Academic year 2022/2023 moving to twice per month and expanded services.
- Behavioral Health started February 2022 offering services twice a week. Delivered services to 52 students.
- Pediatric services to be launched academic year 2022/2023 once per month.

LAMOILLE HEALTH PARTNERS

Future Outlook

Growth in primary care, family dentistry and pharmacy services

Positioning for Vermont's move into Advance Payment Model



Continued development of The Lamoille Health Collaborative

Strategic growth initiatives supporting Whole Person Care

LAMOILLE HEALTH PARTNERS

Headwinds

- Workforce sustainability
- Investment levels in primary care
  - Federal – 330 grant
  - State – Proxy PPS rate
- Access to capital to fund growth
