Re: RRMC CoN Application - Nuclear Medicine

Dear Donna:

The Rutland Regional Medical Center intends to file a Certificate of Need application to replace the current Infinia Hawkeye Nuclear Medicine camera which is over 10 years old and in need of replacement.

This replacement will require a small addition to the existing Nuclear Medicine space of approximately 500 square feet. The new camera will allow for improved quality imaging, reduction of radiopharmaceutical dose (less patient radiation dose), and reduction of scanning times for patient comfort.

The capital cost of this project is approximately \$2,925,063. RRMC is requesting an expedited review for this project.

If you have other questions, please let me know.

Thank you.

Sincerely,

Thomas W. Huebner  
President and CEO
