RE: Docket No. GMCB-008-15con, Renovation of Main Kitchen and Creation of Four Country Kitchens, Project Cost \$1,779,200.00

Dear Donna:

The Vermont Veterans' Home is requesting an Expedited Review of the above mentioned project, as this project is likely to be uncontested and the proposed project does not substantially alter services.

The project does not raise significant health care policy or planning concerns; nor will it have a significant impact on the services provided, the cost of health care, or the financial strength of this facility.

Our project consists of the routine replacement of our outdated kitchen equipment through a renovation of the main kitchen and the development of four country kitchens, one on each of the facility's nursing units.

The total cost of this project is \$1,779,200.00; the Veterans Administration will be responsible for 65% of the cost or \$1,090,590.15 and the State of Vermont is responsible for the remaining \$688,609.85.

Please do not hesitate to contact me if you should have any questions or require additional information.

Sincerely,

Melissa A. Jackson, BSW, LNHA
Chief Executive Officer
