Dear Donna:

Rutland Regional Medical Center needs to replace its patient monitoring system. These are the cardiac monitors utilized throughout the building (ICU, ED, OR, Telemetry Units, endoscopy etc.). There will be 83 monitoring units with an average cost per unit of approximately \$24,000/unit. Together the cost of all of the units will be approximately \$2 million. RRMC is requesting a determination as to whether a CoN is required for this purchase.

Thanks in advance for your assistance. If you have questions do not hesitate to contact me.

Sincerely,

Thomas W. Huebner
President
