Vermont Hospitals Provide Information on Employee Salaries to the Green Mountain Care Board

Montpelier, VT: Nonprofit hospitals are required to submit information about their mission, programs and finances, including the salaries of their highest-compensated employees, annually to the IRS on Form 990. To help make this information more transparent for Vermonters, the Green Mountain Care Board has requested the Form 990s from each of Vermont's 14 non-profit hospitals. In addition, Dartmouth Hitchcock Medical Center in New Hampshire, which provides care to many Vermonters, has voluntarily provided its Form 990 to the Board. The Board requested comparable salary information from HealthFirst, which represents Vermont independent health care practitioners. HealthFirst declined the Board's request.

Compensation information from each hospital's 2015 Form 990, Schedule H, is available here:
