1. OVERVIEW

- 1.1. **SCOPE:** The Green Mountain Care Board (GMCB) was created by the Vermont legislature in 2011 and is charged with ensuring that changes in the health system improve quality while stabilizing costs. The most unique thing about the GMCB is that the Legislature assigned it unprecedented responsibility for all the major factors influencing the cost of health care. This includes hospital budgets, health insurance rates, benefit decisions and major expenses, rates paid by insurance companies and Medicaid, and plans to ensure Vermont has enough of the right health professionals and uses health technology to decrease costs. While in other states responsibility for oversight of these different parts of the health system is split among different agencies, Vermont's Legislature created one Board to consider all the variables. The Board has focused on reviewing insurance rates, approving an insurance benefits package, regulating hospital budgets, and launching "pilot projects" that test different methods for paying for health care to improve quality and minimize costs. This work lays the groundwork for moving in a careful, deliberate way toward the broader goals of Act 48: to provide all Vermonters with health coverage, increase the quality of care, keep costs sustainable, cut the link between employment and health insurance, build a publicly financed health care system, and improve the health of Vermonters.

The GMCB has twin goals of encouraging stakeholder engagement in our work and providing transparency of information gathered by the Board. One of our challenges is being able to provide this information in the clearest manner possible to the broadest audience. The Board has successfully solved part of this problem through our stakeholder engagement contract, but needs to augment this work with an entity who can provide graphic design services. Graphic design services will make sure our charts, graphs and presentations are easy to understand and convey data clearly.

The graphic design services will help with various projects that include proposing creative elements and design. For example, we will use these services to enhance our Green Mountain Guides, reports and presentations. The services will also be used for our Dashboard and other public engagement materials.

2. METHOD OF AWARD

- 2.1. **CONTRACT AWARD:** Awards will be made under the provisions of 29 VSA § 903. The GMCB may award one or more contracts and reserves the right to make additional awards to other bidders who submitted bids at any time during the first year of the contract if such award is deemed to be in the best interest of the State.
- 2.2. **EVALUATION CRITERIA:** Proposals that meet the specifications of this RFP, and that are received in this office by the appointed deadline, will be evaluated by a review committee composed of Department staff. The evaluation of proposals will focus on the Bidder’s actuarial expertise and ability to convey actuarial principles, information, and outcomes to non-actuaries, detailed experience with similar engagements, excellent understanding of regulatory and legislative issues, extensive insurance industry financial examination experience, and strong professional standards and reputation for quality.

<u>Criterion:</u>	<u>Maximum possible points</u> <u>(on a scale of 100):</u>
2.2.1 Bidder’s prior experience with similar work (Completed work of similar type and experience working for State regulatory systems.)	50
2.2.2 Quality of staff (Qualifications of staff to be assigned and supervision to be exercised over staff by management.)	15
2.2.3 Bidder’s understanding of work to be performed	15
2.2.4 Quality of references.	10
2.2.5 Billable Rate	10

- 2.3. **CONTRACT TERMS:** The selected bidder(s) will sign a contract with the GMCB to provide the services named in the bid, at the price listed. **A copy of the standard State contract is attached. (Exhibit A).** The GMCB may cancel upon discovery that a bidder is in violation of any portion of the agreement, including an inability by the bidder to provide the services, and/or support offered in their bid. Contracts may be amended by mutual agreement of the parties. The contract may be cancelled by the GMCB by giving written notice at least 30 days in advance. The Contractor may cancel the contract by giving 120 days written notice in advance. If, during the term of the contract, the Contractor cannot provide the required services using the personnel identified in the bid, the Contractor will

notify the GMCB and provide assurances that the substitute personnel will in no way diminish the capacity of the Contractor to perform.

3. SCOPE OF WORK

3.1 This RFP seeks graphic design services to help with various projects that include proposing creative elements and designing for the following items: Green Mountain Guides (brochures) and graphics for reports and presentations. Graphics are also needed for our Dashboard and other public engagement materials. Development of creative elements might range from charts and graphs of data to cartoon images. The qualified graphic designer will propose and create materials, such as the Green Mountain Guides, that will effectively communicate to the public. Some charts and graphs will be converted to pdf to use in reports/presentations and in our Dashboard. The contractor will have data and information graphically displayed in a clear, concise, and visually-appealing manner. Meeting deadlines and working collaboratively with a team are required. Please see our website at <http://gmcboard.vermont.gov>.

It is expected that this work will require no more than 5 hours per week.

4. INSTRUCTIONS FOR BID PREPARATION

- 4.1 The bid is the GMCB's primary vehicle for obtaining essential information upon which contract award decisions are based. Instructions contained in the RFP must be met in order to qualify for consideration for award. Bids that do not meet or comply with all instructions may be considered non-responsive and may be discarded. **Mere reiterations of RFP-stated services are discouraged as they do not provide insight into the bidder's understanding of the required tasks and responsibilities, nor the uniqueness of the bidder's performance capabilities.**
- 4.2 **Section 1 - Technical Bid:** This section must describe the bidder's approach and plans for accomplishing the work outlined in the Scope of Work and Contractor Responsibilities section of this RFP. These plans and approaches must be described in sufficient detail to permit the GMCB to fully evaluate them. Further, the bidder must describe the effort and skills necessary to complete the project. The section must contain at least the following information:
- 4.3 **Section 2 - Organizational Experience:** This section of the bid must contain pertinent information relating to the bidder's organization, personnel, and experience, including references together with a contact name and telephone number that will substantiate the bidder's qualifications and performance record. The bid must contain at least the following:

The bidder shall procure and maintain professional liability insurance for any and all services performed under the contract, with minimum coverage of \$1,000,000 per occurrence.

4.4 **Section 3 - Cost Bid**

The bidder should offer a cost proposal, distinct from the technical proposal, to provide **one hourly rate for each staff class identified in the proposal**. A blended rate, whereby a proposal identifies one hourly rate for all categories of services, is not acceptable. The GMCB will also not accept a range of hourly compensation for the same staff level or function. Any contract written will require receipts for all expenses other than vehicle mileage or will use per diem rates specified in the "General Service Administration (GSA) Per Diem 2000 study" for lodging, meals and incidentals. Vehicle mileage will be reimbursed at a rate determined at the time the contract is executed. The Contractor must bill the GMCB for work performed at least once a month.

5. **QUESTION AND ANSWER PERIOD: Any bidder requiring clarification of any section of this RFP or wishing to comment on the RFP must submit questions to the GMCB by April 12, 2013. Responses to all questions will be posted on the GMCB website and the official state bidder website on April 16, 2013. 7. **ADDITIONAL RFP PROVISIONS**

Statement of Rights: The State of Vermont reserves the right to obtain clarification or additional information necessary to properly evaluate a bid.

Non Collusion: The State of Vermont is conscious of and concerned about collusion. It must therefore be understood by all that in signing bid and contract documents they agree that the prices quoted have been arrived at without collusion and that no prior information concerning these prices has been received from or given to a competitor company. If there is sufficient evidence to warrant investigation of the bid/contract

process by the Office of the Attorney General, all bidders must understand that this paragraph might be used as a basis for litigation.

Confidentiality: The successful bid will become part of the contract file and will become a matter of public record as will all other bids received. If a bid includes material that is considered by the bidder to be proprietary and confidential under 1 VSA, Chapter 5, the bidder shall clearly designate the material as such, explaining why such material must be considered confidential. The bidder must identify each page or section of the bid that it believes is proprietary and confidential with sufficient grounds to justify each exemption from release, including the prospective harm to the competitive position of the bidder if the identified material were to be released. The GMCB will determine if such designated information meets statutory requirements pertaining to materials exempted from Vermont's public records law.
