Outreach and Education 2.0 Discussion

1. What are the main concerns you hear on a day-to-day basis regarding health care?
2. Are there frequent comments or questions you hear regarding the All-Payer Model?
3. What are the areas around health care reform that are particularly concerning?
4. Are there messaging campaigns that you find particularly effective? Ineffective?
5. What resources do providers need in order to deliver useful information to their patients?
6. What information do providers need to understand the impact of the All-Payer Model on their work?
7. How can the wide-ranging group of individuals in the Advisory Committee work together to assist in outreach and education?
