RE: Docket No. GMCB-009-19con, Renovations and Substantial Remediation to Remedy Ligature Risks at Rutland Regional Medical Center. Project Cost: \$4,067,353.

Dear Mr. Fort:

Thank you for the emergency application received for the above referenced project. Please provide the following information:

1. RRMC is assuming a 2.9% increase in NPR and FPP for FY2020, and a 2.8% increase in both FY2021 and FY2022. It also shows a decrease in NPR due to the project in FY2020 but shows no effect in 2021 or 2022. Explain whether this is correct, or if not, resubmit the P&L reflecting the change in NPR for Proposed Years 2 and 3.
2. Does RRMC expect a change in gross charges due to this project?

In responding, restate the question in bold font and respond in unbolded font. Send an electronic copy to me at donna.jerry@vermont.gov and one hard copy (three-hole punched) with a Verification Under Oath to my attention at the Green Mountain Care Board, 144 State Street, Montpelier, Vermont 05602.

If you have any questions, please do not hesitate to contact me at 802-828-2918.

Sincerely,

s/ Donna Jerry
