EXPERIENCE

Green Mountain Surgery Center, Colchester, Vermont **2018 – Present**

Manager

Green Mountain Surgery Center is a new, state-of-the-art multi-specialty ambulatory surgical center.

HealthFirst, Burlington, Vermont **2014 – 2018**

Executive Director

HealthFirst, formed in 2010, is a non-profit organization for independent physicians in Vermont, giving independent doctors a voice in health reform, legislative conversations, and in front of patients and the public. HealthFirst represents (but does not own or operate) 66 doctor groups across the state with 250 doctors, physician assistants, and nurses.

- Responsible along with 14-member board of directors for strategic direction of the organization and developing the supports, educational tools, and resources HealthFirst supplies to help members sustain their small community-based medical practices.
- Along with staff, facilitate independent physician involvement in established and emerging health reform programs, such as: Blueprint for Health, ACOs (HealthFirst established the first ACO in Vermont in July 2012), and quality-based contracts with all payers.

Universal American, White Plains, New York **2013 – 2015**

Executive Director, Accountable Care Coalition of the North Country & Accountable Care Coalition of the Green Mountains

Universal American Corp provides an array of health insurance and managed care products and services to people covered by Medicare and Medicaid. As of 2017, it operates approximately 20 Medicare Shared Savings Program Accountable Care Organizations (MSSP ACOs) and a Next Generation ACO.

- Responsible for strategic direction, compliance, and general financial and operational oversight of two Medicare Shared Savings Program ACOs located in Vermont and upstate New York
- Implemented patient-centered care transformations and quality reporting programs with networks of primary care and specialty physicians
- Served on strategic advisory committee to C-level executives delivering market analysis and opportunity evaluations

LIVING SOCIAL INC, New York, New York **2012 – 2013**

Senior Manager, Business Development

- Conducted search for a 3PL fulfillment partner, led several rounds of contract negotiations, and signed an agreement which guaranteed the most competitive costs and maximum flexibility. Created a Master Products Agreement for working with merchandise vendors; gave significant guidance to legal team & outside counsel

CHATTERSOURCE LLC, Philadelphia, Pennsylvania **2010 – 2011**

Co-founder and CEO

- Built and managed a cross-functional team of developers, web designers, marketers, PR, SEO, and PPC contractors. Partnered with to local businesses; ran marketing campaigns using Facebook/Twitter, Google, etc.

BARNES & NOBLE INC, New York, New York **2006 – 2008**

Buyer Merchandiser

- Buyer for the \$40mm international magazine category, grew sales 15% YOY by sourcing new titles, leveraging promotional display space, and optimizing store distributions through historical sales and comparables analysis
- Led development and implementation of Newsstand 360°, a cross-departmental initiative to leverage B&N's multi-platform assets to increase retail sales and drive marketing spend in-store and online

L.E.K. CONSULTING, Boston, Massachusetts **2003 – 2006**

Associate Consultant

L.E.K. Consulting is a global management-consulting firm that uses deep industry expertise and analytical rigor to help clients solve their most critical business problems.

- Role involved extensive client interaction and presentations, detailed market analysis, competitive research, financial modeling, and assessment of acquisition targets. Sample **Healthcare** casework:
- Spent 3 months evaluating donor recruitment practices and operations of the America's largest blood services organization in order to develop a comprehensive marketing strategy that would 1) increase blood donor penetration among the general population and 2) increase the frequency of donation among existing blood donors
- Spent 2 months conducting an operational review for a leading insurer and provider of behavioral health specialty healthcare solutions. Identified \$2M in potential annual cost savings from initiatives such as increasing auto-adjudication and electronic data submission rates, accelerating data migration to new software, and out-sourcing.
- Researched growth prospects and competitive positioning of a leading pharmacy benefit manager (PBM) for a client considering investment. Investigated third party administrator (TPA) market size and concentration, interest of larger PBM's in the worker's comp market, and trends in state fee schedules through interviews and secondary research.

Chapter 10, Retina and Choroid; The Massachusetts Eye and Ear Infirmary Illustrated Manual of Ophthalmology Edition 2; Elsevier Science (USA) 2004

NATIONAL CLINICAL TRIALS

Principal Investigator - Phase 3B/4, randomized, active controlled, double-masked, single dummy, to compare the safety and efficacy of Macugen every 6 weeks plus sham PDT to Macugen every 6 weeks with PDT in patients with predominantly classic choroidal neovascularization (**EyeTech 1012**) (EyeTech Pharmaceuticals) **2005 - 2009**

Principal Investigator - Phase II randomized, double-masked, safety/efficacy, and pharmacokinetics study of Macugen vs. placebo given every 6 weeks for 30 weeks for vision loss due to macular edema secondary to CRVO (**EyeTech 1011**) (EyeTech Pharmaceuticals) **2005**

Principal Investigator - Phase II/III randomized, double-masked, controlled, dose-ranging, multi-center comparative trial in parallel groups to establish safety and efficacy of intravitreal injections of EYE001 (anti-VEGF pegylated aptamer) given every 6 weeks for 54 weeks in patients with age-related macular degeneration (**EOP1004**) (EyeTech Pharmaceuticals) **2005**

Principal Investigator - A randomized, double-masked, multi-center trial of the safety, tolerability and pharmacokinetics of 1 mg/eye and 3 mg/eye intravitreal injections of pegaptanib sodium (anti-VEGF pegylated aptamer) given every 6 weeks for 54 weeks in patient with exudative age-related macular degeneration (**EOP1006**) (EyeTech Pharmaceuticals) **2005**

Principal Investigator – Alimera FAME Trial - A Phase III randomized, double-masked, parallel group, multi-center, dose-finding comparison of the safety and efficacy of ASI-001A 0.5 ug/day and ASI-001B 0.2 ug/day Fluocinolone Acetonide Intravitreal Inserts to Sham Injection in Subjects with Diabetic Macular Edema. (**Alimera Sciences C-01-05-001**) (Alimera Sciences) **2006 - 2009**

Co-Investigator - The Age-Related Eye Disease Study 2 (AREDS 2): A Phase III multi-center trial of lutein, zeaxanthin, and omega-3 acid (DHA) and eicosapentaenoic acid (EPA) in age-related macular degeneration (IND NO: 74,781) The National Eye Institute. **2006 - 2009**

Co-Investigator - Regeneron VIEW 1 Trial: A Randomized, Double Masked, Active Controlled Phase III Study of the Efficacy, Safety, and Tolerability of Repeated Doses of Intravitreal VEGF Trap in Subjects with Neovascular Age-Related Macular **2007-2009**

Co-Investigator – Genentech RIDE Trial: A Phase III, double-masked, multicenter, randomized, sham injection controlled study of the efficacy and safety of ranibizumab injection in subjects with clinically significant macular edema with center involvement secondary to diabetes mellitus **2007-2009**

Co-Investigator (eye sub-study) - A Double-Blind, Randomized, Placebo-Controlled Study Assessing the Safety and Efficacy of DVS SR for the Treatment of Vasomotor Symptoms Associated With Menopause. **2008-2009**
