RE: Docket No. GMCB-010-15con, Green Mountain Surgery Center

Dear Michael:

Please accept the information in the data table below in response to the Data Request that was part of your post-hearing letter dated April 19, 2019. The physicians planning to perform procedures at the Green Mountain Surgery Center in the areas of plastic surgery and ophthalmology have provided me with estimates of how many surgeries they performed at Northwest Medical Center and the Eye Surgery Center in FY 2018. The Green Mountain Surgery Center has not had any conversations with ophthalmologists currently performing surgeries at Northwest Medical Center, and no such ophthalmologist is included in our projections.
