

Response to HCA Pre-Hearing Question for All Hospitals FY2021

1. Health Care Provider Stabilization Grant Program

- a. Please provide the amount you requested from Vermont's \$275 million Health Care Provider Stabilization Grant Program.**
- b. How did you decide on the amount you applied for (or, if applicable, your choice not to apply)?**

The Health Care Provider Stabilization Grant Program does not allow the applicant to request an amount. The application requests certain pieces of information but does not calculate a specific "ask" that can be seen or determined by the applicant.

NMC's mission is to provide exceptional healthcare for our community.
