

NVRH

Response to HCA Pre-Hearing Question

August 17, 2020

Following is Northeastern Vermont Regional Hospital's response to the Health Care Advocate pre-hearing question:

**1. Health Care Provider Stabilization Grant Program**

- a. Please provide the amount you requested from Vermont's \$275 million Health Care Provider Stabilization Grant Program.
- b. How did you decide on the amount you applied for (or, if applicable, your choice not to apply)?

**Response:** NVRH did not request any funds from the \$275 million Health Care Provider Stabilization program. The amounts previously received from state and federal sources exceeded the amount of lost revenue and increased expenses related to the pandemic during the Stabilization Grant Program application period, March 1, 2020 – June 15, 2020.
