MISSION

To improve the lives of those we serve.

VISION

Mt. Ascutney Hospital and Health Center will provide the highest quality care, patient satisfaction, and value through:

- Development of programs based on community need and sustainability
- Multi-disciplinary and regional cooperation
- Involvement of patients in their own care decisions
- Empowerment of and respect for our staff
- Fiscal responsibility

Our success will be measured by the improvement of the health, wellness, and comfort of those we serve.
# 2019 Priority Goals
*(How we will achieve our Vision)*

<table>
<thead>
<tr>
<th>Critical Issue</th>
<th>Goals</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee Wellness</td>
<td>We will direct efforts to improve the physical and emotional well-being of our employees through active engagement and support that is both financial and biopsychosocial.</td>
</tr>
<tr>
<td>Patient Care and Customer Service</td>
<td>We will provide distinguished service, treating each patient and family member with respect and dignity, achieving measurably higher outcomes.</td>
</tr>
<tr>
<td>Quality / Safety/Compliance</td>
<td>We will deliver the highest quality care through evidenced based practice and coordination efforts at the D-HH system level. All clinical and administrative actions will be compliant with CMS conditions of participation and payment.</td>
</tr>
<tr>
<td>Finance and Operations</td>
<td>We will achieve financial sustainability in partnership with the entire D-HH system, obtaining economies of scale and improved value for our patients. We will maintain and improve the mechanical systems of our physical plant and optimize information technology infrastructure and security.</td>
</tr>
<tr>
<td>Clinical Integration within D-HH</td>
<td>We will coordinate our programs and services with the D-HH system, identifying appropriate core and specialty services for MAHHC across the continuum of care.</td>
</tr>
<tr>
<td>Governance</td>
<td>The Board of Trustees will steward our assets (finances, brand, people), to meet both the MAHHC and D-HH strategic goals</td>
</tr>
<tr>
<td>Public Health and Community Engagement</td>
<td>We will have meaningful dialogue with our community about our programs, services, and regional relationships, including seeking their support.</td>
</tr>

Fixed Prospective Payment vs. Shadow Spend

Source: PMPM Analyzer

Fee-for-Service Spend

Source: PMPM Analyzer

Mt. Ascutney Hospital and Health Center
Dartmouth-Hitchcock
Transforming Healthcare Delivery

• Adding nursing, social work, and care management resources to our outpatient clinics

• Closer collaboration with community partners on an effort to keep patients in lower cost environments

• Optimizing IT
  • Dynamic worklists for providers
  • Registry building
  • Quality Dashboards
  • Care navigator
Our Challenges

• Workforce, workforce, workforce
• Balancing responsibilities to payers, patients, and partners
  • Stress of different metrics for all stakeholders: D-HH, Blueprint, ACO, providers, Federal
• Border hospital location- threat and opportunity
• Mental health and Nursing home capacity (refusal to take patients on Medicaid). Currently 9 boarders and 30+ months of inpatient stay
• Workforce...
Goal

Create an Accountable Community for Health (ACH) and medical neighborhood that will promote the health and well-being of our community through a network of health and human service partners.

The Windsor Health Services Area (HSA) Community Collaborative adopted a new charter based on the nine core components of an Accountable Community for Health (ACH).
Strategic Plan

Goals and Objectives for Community Health were established based on Healthy People 2020

• Attain high-quality, longer lives free of preventable disease, disability, injury and premature death.
• Achieve health equity, eliminate disparities and improve the health of all groups.
• Create social and physical environments that promote good health for all.
• Promote quality of life, healthy development and healthy behaviors across all life stages.
Community Health is embedded in our Mission and Strategic Plan

We have built an infrastructure to operationalize our commitment
- Community Health Board Subcommittee
- Director of Community Health
- Mt. Ascutney Prevention Partnership

Leadership role in building community networks
- Windsor HSA Community Collaborative
- Windsor Area Community Partnership
- Windsor Connection Resource Center and PATCH Team
- OneCare VT and Blueprint for Health
- Windsor Area Drug Task Force

Continuum of care from prevention to chronic care management.

Cost - $109,500
MAHHC $107,000
Grants $2,500
Vermont Next Generation:  
A Partnership of OneCare VT with MAHHC

Developing a system and infrastructure:  
- One Care Vermont  
- HSA level Core Leadership Teams  
- Education and Training for Core Skills and Care Navigator  
- Working with Community Partners

Strategic Planning:  
- Community Assessment  
- Communication and Engagement Plan

Components of the system at the individual level:  
- Placement of the patient in the appropriate quadrant of care with care appropriate to the needs of the individual, ie, prevention vs. intervention
Components of the System

• Identification of high risk and very high risk through the Johns Hopkins algorithm and professional judgments
• Chart review
• Eco maps
• Self Sufficiency index
• Patient consent for work with community partners
• Lead Care Coordination conferencing
• Shared Care plan with patient-centered goals
• Care Coordination to each goal and health outcomes with Community Partners
Population Health Approach: A game plan for every person

➢ 44% of the population
➢ Focus: Maintain health through preventive care and community-based wellness activities
➢ Key Activities:
  • Preventive care (e.g. wellness exams, immunizations, health screenings)
  • Wellness campaigns (e.g. health education and resources, wellness classes, parenting education)
  • RiseVT

➢ 40% of the population
➢ Focus: Optimize health and self-management of chronic disease
➢ Key Activities: Category 1 plus
  • outreach for annual Comprehensive Health Assessment (i.e. physical, mental, social needs)
  • Disease & self-management support* (i.e. education, referrals, reminders)
  • Pregnancy education

➢ 6% of the population
➢ Focus: Address complex medical & social challenges by clarifying goals of care, developing action plans, & prioritizing tasks
➢ Key Activities: Category 3 plus
  • Designate lead care coordinator (licensed)*
  • Outreach & engagement in care coordination (at least monthly)*
  • Coordinate among care team members*
  • Assess palliative & hospice care needs*
  • Facilitate regular care conferences *

➢ 10% of the population
➢ Focus: Active skill-building for chronic condition management; address co-occurring social needs
➢ Key Activities: Category 2 plus
  • Outreach & engagement in care coordination
  • Create & maintain shared care plan*
  • Coordinate among care team members*
  • Emphasize safe & timely transitions of care

* Activities coordinated via Care Navigator software platform
Components of a System for Population Health

Quadrant One – Prevention

• Mt. Ascutney Prevention Partnership utilizes programs and environmental strategies to prevent high-risk behaviors such as substance misuse

• 3-4-50 and RISE Vermont

• Family Wellness Program embedded in pediatric clinic, our schools and the community

• Promise Community Initiative to maximize social and emotional competence in children and families and promote kindergarten readiness. A five pronged campaign has been developed to build capacity within daycares, institute a social marketing campaign aimed at Read, Play and Grow, decrease social isolation through renovation of space and creation of programs at the Windsor Connection Resource Center, authentic family engagement and maximizing resources.
Quadrant Two- Optimize Health and Self-management of Chronic Disease

• Annual Wellness Exam within Patient Centered Medical Home.

• Self-Management programs for tobacco cessation, chronic pain, wellness action and recovery program for mental health, healthy living. Diabetes prevention are offered on an ongoing basis.

• Referrals to community health team and collaborative care nurses for patient education with early diagnosis and as needed throughout the trajectory of a chronic disease.
Quadrant Three and Four- Care Coordination

• Proactive identification of high risk and very high risk patients through John Hopkins algorithm and professional judgment

• Outreach to high risk and very high risk patients not currently followed by the team

• Assessment through Echo mapping, Camden cards and self-sufficiency index

• Chart Review

• Patient Centered Care Planning and Conferencing

• Selection of a Lead Care Coordinator

• Development of a Shared Care Plan

• Communication and Engagement of the Team through Care Navigator

• Implementation of the shared care plan and addressing social determinants of care and barriers to health
Community Health Improvement Process

*2015 included children and adults
Objective #1 ~ Alcohol & Drug Misuse (including Heroin and Use of Pain Medications)

- Revision and distribution of *Substance Use Treatment Guide*
- SBIRT (Screening, brief intervention and referral to treatment)
- Gov. Summit for Substance Misuse Workforce and Workshop
- Windsor County Drug Take-Back Days
- Youth Summit
- “Be Aware, Don’t Share” and “VT’s most dangerous Leftovers”
- Vermont Prescription Monitoring System education and outreach to providers
- Medication Assisted Therapy
- Pediatrics, Primary Care & specialty addiction services
- Training and implementation of new state prescribing regulations for providers
- Multi-disciplinary pain consult team implemented for chronic pain patients
• Windsor County wide school needs assessment to link prevention resources to identified needs.

• Supported creation and $ support for a Student Assistance Professional in the WCSU School district.

• Worked with Two Rivers Ottauquechee Regional Commission (TRORC) to assess 30-town region of existing “adult only” policies related to outlet density/location, outdoor events, and restricting advertising.

• Conducted Health Readiness Assessment interviews in 3 towns to serve as catalyst to concept of town health and wellness committees.

• Disseminated Supporting Healthy Communities.
**Funding Supports:**

- MAHHC ($81,500), Regional Prevention Partnership grant ($135K), Prevention infrastructure grant ($60K), SBIRT grant ($112.5K), Blueprint for Health grant ($129K), Blueprint Spoke grant ($459.7K), MAPP Sustainability ($14.5K), Foster McGaw prize ($6.6K)
- Windsor County Sherriff & DEA for drug take back
- Healthcare and Rehabilitative Services (HCRS)
- Windsor County Prevention Partners
- Ottauquechee Community Partnership
- Windsor Southeast Supervisory Union
- SBIRT Vermont, [www.sbirt.vermont.gov](http://www.sbirt.vermont.gov)
- Vermont Department of Health
  - Parent Up, [www.parentupvt.org](http://www.parentupvt.org) (talk to kids about drugs)
- Woodstock Police Department
  - “Text-a-tip”, report underage drinking parties before they happen! (802) 296 - 1746
- Towns of Weathersfield, Woodstock, and Windsor
- Healthcare and Rehabilitative Services (HCRS, behavioral health clinician in primary care clinics)
- Junction Youth Center
- Support and Services at Home (SASH)
- Turning Point Recovery Center (Springfield and Hartford)
- UVM and VT Medical Society

**Substance Use Treatment Guide:**
[http://www.mtascutneyhospital.org/sites/default/files/content/documents/ConsumersGuideforSubstanceUseTreatmentinUpperValley2017.pdf](http://www.mtascutneyhospital.org/sites/default/files/content/documents/ConsumersGuideforSubstanceUseTreatmentinUpperValley2017.pdf)
Outcomes: Rx Drug Use

- **Goal:** 🔻 by 10% the percentage of students who have misused a stimulant or Rx pain reliever in the past 30 days.

Vermont Prescription Monitoring System data shows Windsor County to be one of the lowest rate of prescriptions per 100 residents by drug class.

Windsor County - # of drugs collected, take back

![Graph showing Youth - Stimulant and Rx Drug Use](image)

![Graph showing Windsor County - Drug Take Back Totals](image)
Outcomes: Alcohol Use

Youth Alcohol Use, past 30 days

Youth Binge Drinking, past 30 days
Outcomes: Marijuana Use

- State
- Goal
Objective #2 ~ Access to Mental Health

• Distributed brochure of *Mental Health Providers* in the hospital and throughout the community.

• 3 WRAP workshops delivered for skill building and self-management support for anxiety, depression, and general mental health.

• Expansion of a HCRS embedded clinician/LADAC to four days a week in Patient Centered Medical Home supported by SBIRT grant.

• Hired and Supported a psychiatrist within Patient Centered Medical Home.

• Partnership for interagency care management with HCRS.

• Provided Mental Health First Aid training to Hospital staff and community partners X2.

• 336 mental health counseling sessions were provided through the Windsor Connection Resource Center.
Partners and Resources:

• Windsor Community Health Clinic

• Healthcare and Rehabilitative Services (HCRS)

• West Central Behavioral Health (Mental Health First Aid)

• Windsor Connection Resource Center

• Mental Health Providers brochure: [http://www.mtascutneyhospital.org/sites/default/files/content/documents/MAH17_MentalHealthBrochure_Web.pdf](http://www.mtascutneyhospital.org/sites/default/files/content/documents/MAH17_MentalHealthBrochure_Web.pdf)
Expenditures- Mental Health

• MAHHC $290,000
• Grants $5,000 for WRAP from Blueprint
Dental Health

- Application of fluoride in Pediatric clinics
- Outreach to recruit a local dentist
- Community Health Team, Spoke Staff, and staff of the Windsor Community Health Clinic assist patients to find dental homes*, care and financing.
- Dental clinic in the Windsor school, provided education to 252 children and their parents, provided dental screening and sealant applications to 60 children and 463 teeth in 2017.
- Windsor Community Health Clinic gave out 20 dental vouchers ($6,720) and worked with dentists to connect patients to dental homes* with discounted care.
- Built new partnerships with Dr. Kramer and Dr. Abbott in Claremont.
- Negotiated an agreement with Hanover Oral Surgery to provide discounted care and accept Vermont General Assistance Care and WCHC Dental Vouchers.

*A Dental home is a relationship with a provider/agency where a person gets routine and emergent dental care.
Partners and Resources:

- Windsor Community Health Clinic
- Mt. Ascutney Pediatrics, Windsor
- Northeast Delta Dental
- School Dental Hygienist
- Area Dentists and other free clinics
- Windsor Southeast Supervisory Union, School and School Nurse
- Ottauquechee Health Foundation Smiles Program

**Mental & Dental Health Funding Supports:** MAHHC, Northeast Delta Dental grant & the Byrne Foundation, ($11K), Windsor Community Health Clinic dental voucher funds ($6.7K), VT Association of Mental Health and Addiction Recovery ($1K), Rural Health Sustainability funds ($600 to support food for Wellness Recovery Action Plan groups)
Objective #4 ~ Access to Affordable Health Insurance & Cost of Prescription Drugs

- Windsor Community Health Clinic (WCHC) assists community members with Vermont Health Connect, and Medicare and Medicaid applications
- Medicare Boot Camp – held March 31, 2017 and July 24, 2017
- **46** Medication Vouchers offered through the Windsor Community Health Clinic in 2017, valued at $2,572

Activities: Windsor Community Health Clinic, general

- Active member of the Vermont Coalition of Clinics for the Uninsured
- Grant supported Case Manager
- Provides a 5-day-a-week program to improve access to care
- Established a new Transportation Voucher Program for rides to medical appointments working with GMAC Taxi, rides provided valued at $645, ($545 taxi vouchers, $100 gas cards)
- Added a VHC navigator to do outreach at OHC,
- 15 MDs, 6 NPs, 17 nurses, 1 Mental Health Provider, 1 Admin, 4 PTs, 8 Radiology and Lab Techs, and 8 Business Office staff participated in the program

Objective #5~ Nutrition and Access to Affordable, Healthy Foods

- Worked with partners to provide Summer Food Program, **1070 meals served** and supported Food Drive for Food Shelf
- Implemented *VeggieVanGo* working with the Vermont Food Bank as a monthly community resource. Served **90 - 215 families each month**.
- Physicians are writing prescriptions for vegetables to families in need.
- Membership in the Upper Valley Hunger Council
- Implementation of 3–4–50 reaching over 1,000 people through outreach to towns, schools, businesses, day cares and Health and Human Services agencies
- MAH Recognized at the Gold Level for 3-4-50 Worksite Wellness
- Working with Vermont Housing Association, MAHHC and SASH to organize a *Learning Kitchen* class for residents at Union Square Apartments
- Nurse in pediatric clinic created a farmers market flyer to distribute to families
- Participation in community dinners program each Wednesday evening, Sept. – June.
Objective #5~ Nutrition and Access to Affordable, Healthy Foods

Youth Fruit/Veg

Dartmouth-Hitchcock
Expenditures- Nutrition

• MAHHC $ 22,500
• Grants $1,500
Objective #6 ~ Lack of Physical Activity, need for recreational opportunities and active living

- Readiness Assessment for Town Health and Wellness Committees in Windsor, Weathersfield and Woodstock
- Implementation of 3-4-50 reaching over 1,000 people through outreach to towns, schools, businesses, day cares and Health and Human Services agencies
- MAH registered for and was recognized at the Gold Level for 3-4-50 Worksite Wellness activities
- Conducted Health Readiness Assessment interviews in 3 towns to serve as catalyst to concept of town health and wellness committees
- Disseminated Supporting Healthy Communities Policy Guide (includes plans for active living design) to towns across Windsor County with invitation letter to contact MAPP for prevention policy support (guide was created with TRORC last year)
Partners and Resources:

- Two Rivers Ottauquechee Regional Commission
- Towns of Weathersfield, Woodstock, Windsor
- VT Department of Health, 3-4-50 statewide campaign
- Windsor HSA Community Collaborative, 3-4-50 Subcommittee
- Governor’s Council on Worksite Wellness
- RiseVT
Outcomes: Physical Activity

Youth Physical Activity

- Percentage: 0 to 80
- Years: 2011 to 2017
- Graph lines for WSESU, WCSU, State, and Goal

Adult Physical Activity

- Percentage: 10 to 30
- Years: 2011 to 2015
- Graph lines for WRJ Hosp Service Area, Windsor County, State, and Goal

• **Funding Supports, Nutrition & Physical Activity:** MAHHC ($15,000) and 3 – 4 - 50 supports, VDH / Tobacco Prevention ($1K) covers 3 – 4 – 50 costs.
Objective # 7 ~ Income, Poverty, Family Stress

- A Family Wellness Program in Windsor and Woodstock Pediatric Clinics continues.
- Serving on both WSESU and WCSU health and care teams
- Promise Community
- Collaborative Problem Solving and Attentive Parenting
- The Windsor Connection Resource Center (WCRC) worked throughout 2017 to achieve its mission of furnishing its PATCH Team members with collocation to bring vital services, education, and enrichment opportunities to the community, offering information, referral, advocacy, and case management services while building a positive sense of community.
- Provided interagency care planning, coordination and management to high risk pediatric and complex chronic care patients using tools and a best practice model
- Promote 4 best practice approaches to address poverty:
  1. Care coordination (working with One Care)
  2. Volunteerism (VIA, RSVP, Thompson Sr. Center)
  3. Peer Support (Turning Point)
  4. Financial Literacy (Working Bridges, Ready to Work, Faith and Finance)

Objective #8 ~ Access to Transportation

• Participating in Regional Transportation Coalition
• Volunteers in Action provision of rides
• Use of transportation vouchers
• Work with VTrans, The Current and local community partners on *Rides to Wellness* grant initiative
• Developed and distributed 2 transportation algorithms to maximize use of existing resources
Partners and Resources:

- Volunteers in Action
- CT River Transit
- Southern Windsor County Regional Planning Commission
Funding Supports: MAHHC ($13,500), Volunteers in Action (ViA), Windsor Community Health Clinic (WCHC), Grants ($79,500)
Objective #9 ~ Access to Primary Health Care

• Achievement of NCQA re-designation as a Level III Patient Centered Medical Home
• Implementation of Annual Wellness
• Recruitment of primary care providers
• Successful recruitment of staff psychiatrist to serve Windsor and Woodstock primary care practices
• SASH and MAT staff
• **Funding Supports:** MAHHC ($30,000), VT Blueprint for Health grant ($129K), Blueprint Community Health Team ($198K); Blueprint Spoke Team ($451K); DHMC Prevention Grant ($15K), School Nurse ($15K, Reading)

---

**Reducing Chronic Disease through best practice: SELF-MANAGEMENT, 2017 stats:**

- 12 Self-Management programs in 2017
- 92 participants registered
- 49% completion rate (attending 80% or more sessions)
