- **Prior projections of revenue and expenses for the 2018 and 2019 budget were significantly overly optimistic**
- **This was particularly true for revenue**

Examples

1. Acute Admissions: were

- **2019 budget was 28% greater than 2017 A**
- **2019 YTD February was 35% less than 2019 B**
- **2019 Projected at 33% less than 2018 A**

2. Emergency Room Visits:

- **6% less budget**
- **8% less LFY**

3. Operating Room Cases:

- **29% less than budget**
- **8% LFY**

- **For the last 3 years expenses have increased 11%**
- **Revenues have increased only .7%**
- **This has led to significant operating losses**
 - **Actual 2016:** \$163K
 - **Actual 2017:** **\$(3,899K)**
 - **Actual 2018:** **\$(6,996K)**
 - **Projected (w/o increase) 2019:** **\$(6,022K)**

- **Financial Audit and a Forensic Audit was Conducted by Berry Dunn**
- **Forensic Audit Indicated**
 - **No misappropriation of funds but a greater need for:**
 - **Transparency**
 - **Monitoring of financial policies**
