Dear Mr. Fort:

Thank you for the application for the above referenced project. The information requested below is needed to complete our review. Financial questions will be sent under separate cover at a later date.

1. Confirm that the total of \$2,033,980 includes all equipment and associated renovation costs to make the project and equipment fully operational.
2. Explain whether the project includes any changes required in shielding. If so, identify associated costs and whether that cost is included in the total project cost.
3. The revised HP Cummings quote dated June 20, 2018 reflects a total project cost of \$1,943,238. Financial Table 1 shows a total project cost of \$2,033,980. Please explain the reason(s) for the \$90,742 difference in total project cost.
4. Provide the detailed vendor quote for all components of the CT scanner to be purchased including the trade-in value of the existing equipment.
5. Provide a project timetable for the project. Explain whether there is any period of time when no or limited CT service will be available.
