CERTIFICATE OF NEED

In accordance with Title 18, Chapter 221, Subchapter 5, other applicable laws, and the Statement of Decision and Order in this matter, the Green Mountain Care Board issues this certificate of need to Valley Vista in Bradford, Vermont (Valley Vista, or the applicant), subject to the conditions set forth below.

Project Description and Scope

The applicant seeks to convert 14 existing beds located at Valley Vista in Bradford, licensed by the Department for Children and Families (DCF) for youth, to 14 beds licensed by the Department of Disabilities, Aging and Independent Living (DAIL) as Therapeutic Community Residence (TCR) beds for adults. As the project simply changes the licensure of 14 existing beds with no changes in staffing or related program services or costs, the total cost of the project is a \$250 fee for re-licensing the 14 beds.

The project is outlined in greater detail in the Statement of Decision and Order in this docket, incorporated herein and issued today by the Board.

Project Conditions

The project as proposed, subject to the following conditions, meets the statutory criteria set forth in 18 V.S.A. § 9437:

1. The applicant shall develop and operate the project in strict compliance with its scope as described in the application, in other materials in the record submitted by the applicant, and in strict conformance with the Statement of Decision and Order issued today in this docket. This certificate of need is limited to the project and activities described therein.
2. Noncompliance with any provision of this certificate of need or with applicable ordinances, rules, laws and regulations constitutes a violation of this certificate of need and may be cause for enforcement action pursuant to 18 V.S.A. §§ 9445, 9374(i), (j), and any other applicable law.
3. The project shall be fully implemented within one (1) year of the date of issuance of this certificate of need.

4. The applicant shall file implementation reports with the Board beginning three months from the date of this certificate of need and at three-month intervals thereafter until all components of the project are complete and the licensing fee has been paid in full. The implementation reports shall include the following:
 - a. Overview of the project, including any changes in financing and information and analysis demonstrating that the project fully complies with its scope as approved by the Board in this certificate of need;
 - b. Notification of the date the 14 beds were re-licensed by DAIL as adult beds;
 - c. Provide verification of payment of the \$250 re-licensing fee.
5. This certificate of need is not transferable or assignable and is issued only for the premises and entity named in the application.
6. If the applicant contemplates or becomes aware of a nonmaterial change, as defined in 18 V.S.A. § 9432(12), or a material change as defined in 18 V.S.A. § 9432(11), to the scope or cost of the project described in its application and as designated in this certificate of need, the applicant shall file a notice of such change immediately with the Board. The Board shall thereafter advise the applicant whether the proposed change is subject to additional review.
7. The Board may, after the applicant is provided notice and an opportunity to be heard, make such further orders as are necessary or desirable to accomplish the purposes of this certificate of need and to ensure compliance with its terms and conditions.
8. All reports, notices, forms, information or submissions of any kind required to be submitted to the Board as a condition of this certificate of need shall be signed and verified by the applicant's chief executive officer, or by his or her designated representative.
9. The conditions contained in this certificate of need shall remain in effect for the duration of the reporting period set forth in Condition 4, above.

SO ORDERED.
