**Re: Request for Non-Material Change to CON for Purchase of a da Vinci Xi Robotic Surgical System, Docket No. GMCB-011-22con**

Dear Donna:

As requested, we are providing updated quotes for the equipment proposed as part of our request for a non-material change to the Certificate of Need issued for the purchase of a da Vinci Xi Robotic Surgical System. You will see that there have been nominal changes in the pricing of two of the pieces of equipment, and the amended budget would total \$2,606,019.19. The additional expense of \$146,019.19, a 5.9% increase to the approved budget of \$2,460,000.

This additional capital expense would be used for the purchase of a Trumpf 7000dV operating room table (\$100,703.47), an AirSeal insufflator (used to expand a patient's peritoneal cavity to provide surgical access) with service agreement (\$43,390.72), and a FaceGuard dual-angle headshield/instrument tray (\$1,925.00).

Quotes for the equipment are enclosed.

We appreciate your consideration of this request.

Sincerely,

A handwritten signature in blue ink that reads "Amanda S. Angell".
