RE: Docket No. GMCB-004-23con, Development of Outpatient Surgery Center on Tilley Drive, Project Cost: \$129,640,703

Dear Mr. Miller:

I am writing in response to your June 22, 2023, request for a scheduling order in the above-referenced docket. While I share your desire to establish a more definite timeframe for resolving UVMHC's application, the Board is still requesting additional information regarding this project. I therefore don't see how the Board can establish dates at this time for the closure of the application, the hearing, or any of the steps that should be tied to those key events.

I suggest we schedule a status conference following UVMHC's response to the next round of information requests, which we expect to issue soon. We can discuss the possibility of establishing a scheduling order at that time.

We are interested in holding the project financial review meeting described in item 2 of the proposed scheduling order after the conclusion of the hospital budget reviews. We will be in touch to schedule such a meeting.

Sincerely,

s/ Michael Barber
General Counsel
