RE: Docket No. GMCB-018-24con, CVMC Replacement of Interventional Radiology Equipment in Suite 24, McClure 1, and Related Facility Upgrades, Project Cost: \$2,906,252

Dear Ms. Henkin:

We know that you are in the process of responding to the first set of questions. Below are additional architectural questions. Please respond to the following:

1. Based on the FGI charts submitted with the application, IR 24 is classified as a Class 2 Imaging Room. Confirm that there are no open procedures performed in IR Suite 24.
2. Explain in detail why the 26% design contingency is needed. Provide a breakdown of the components and associated dollar amounts included in the design contingency.
3. Given the scope of the renovation for IR Suite 24, explain in detail why the Architectural/Engineering fee is 26% of the renovation cost including both contingencies and 37% of just the renovation cost. Provide a breakdown of the components and associated dollar amounts.
4. Provide a complete copy of the full vendor quote(s) for all equipment, hardware, and software.
5. Provide a detailed description and explanation of all infrastructure upgrades. Provide a breakdown of each component and associated cost for each.

In responding, restate the question in bold font and respond in unbolded font. Send an electronic copy to me at donna.jerry@vermont.gov and one hard copy (three-hole punched) with a
