RE: Docket No. GMCB-015-24con, CVMC Replacement Linear Accelerator and Related Modifications and Upgrades, Project Cost: \$3,661,162

Dear Ms. Jerry:

Please note that as submitted in our response to the Board's last question (Q002) in the above-referenced docket, there is a \$5.00 discrepancy in the Fixed Equipment cost. The discrepancy stems from the initial quote provided by the vendor—used for budgeting and to prepare the CON financial tables—which was \$5.00 higher than the amount subsequently provided in the final quote.

Please do not hesitate to contact me if you have further questions.

Sincerely,

Judy Henkin, Esq.
On behalf of Central Vermont Medical Center
