Green Mountain Care Board
144 State Street Montpelier, VT 05602

Dear Green Mountain Care Board Members:

I am writing in support of OneCare Vermont Accountable Care Organization's fiscal year 2023 budget. I serve as the Chief Strategy Officer for Dartmouth Health and I have been a member of OneCare's Board of Managers since its formation. Dartmouth Health members participate in many of OneCare's payer contracts and I can attest to the value that OneCare brings to aligning providers across Vermont as we continue to transition from volume to value based payment models.

Participating providers benefit from the data and analytics OneCare provides related to cost, quality, utilization, and comparisons across the network. OneCare plans to invest approximately \$30 million in population health initiatives in 2023. The information OneCare provides and the investments it is making are critical to the network's ability to improve quality and lower health care spending. On behalf of Dartmouth Health, I strongly urge you to approve OneCare's fiscal year 2023 budget.

Sincerely,

A handwritten signature in black ink that reads "S. LeBlanc".

Stephen J. LeBlanc
