

Fiscal Year 2020 Vermont Hospital Reporting: Year-End Actuals

Health Systems Finance Team

Year: Fiscal Year 2020 Hospital Budgets

Report Date: March 3, 2021

Overview

1. Year-End Review and Enforcement Waived
2. System-wide Analysis
3. Hospital Profiles
4. Appendix
 - a) Budget-to-Budget and Actual-to-Actual Analysis
 - b) Key Financial Indicators
 - c) 5-Year Results

Fiscal Year 2020 Year-End Review

Vermont hospitals are required to report their Fiscal Year 2020 (FY2020) actual operating results as part of the Green Mountain Care Board's (GMCB) FY2020 budget orders. Additionally, hospitals are required to submit their FY2020 audited financial statements, as well as the hospital's parent organization's audited consolidated financial statements, if applicable. These documents, and other additional information, are available on the [Green Mountain Care Board website](#).

Note: Springfield Hospital did not submit audited FY2020 data at the time of this report. As a result, this report uses unaudited data submitted by the hospital for Fiscal Year-End September 2020.

FY2020 Enforcement Waived

At the May 27, 2020 Board Meeting, Board Member Robin Lunge made a motion to waive enforcement for FY2020 due to uncertainty from the pandemic. Board Member Jessica Holmes seconded the motion. The Board discussed the details of enforcement. The Board voted (4-1) by roll call to approve the motion.

Operating Margin

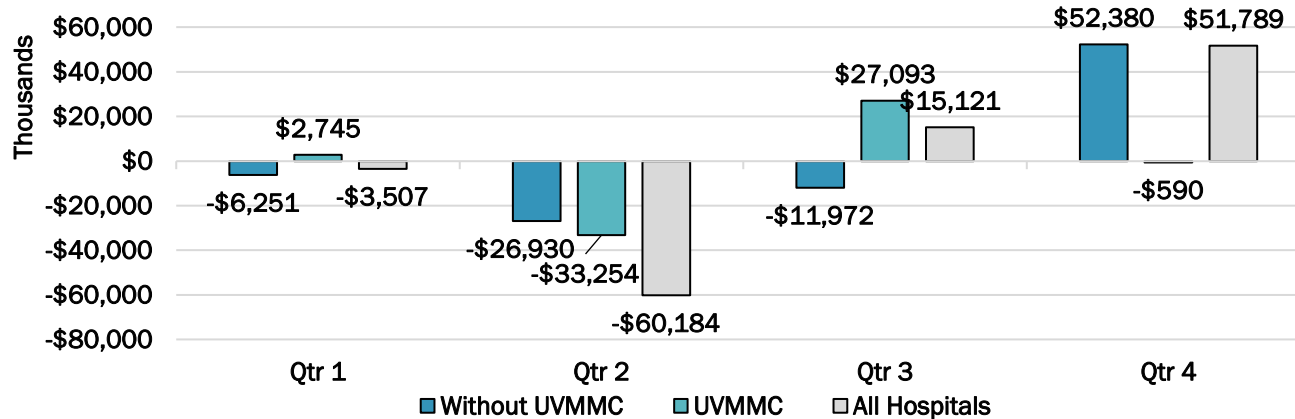

*FY2020 year-end results may change due to stimulus guidance.

Payer Mix

- System-wide, FY2020 payer mix did not indicate much shift from prior years despite the impact of COVID-19.
- On a per hospital basis, FY2020 payer mix affected each differently.

Budgeted Growth Ceiling vs. Actual Growth

CARES Act Funding Uncertainties

In collaboration with hospitals and the respective auditors, treatment has differed on recognition of CARES Act Funding revenue. Due to the potential of changing guidance, the financial metrics for FY2020 could be impacted as a result. Please refer to hospitals' narratives in the link below for further discussion:

[FY2020 Actual | Green Mountain Care Board](#)

Increasing Reliance on Other Operating Revenue

As the 2020 pandemic continued, operating margins deteriorated. Once the CARES Act was passed, hospitals applied for the different forms of relief funding. Several hospitals credited these funds as **critical to the sustainability of their organizations**.

Fiscal Year Actual-to-Actual Growth: System Below Target

System-wide NPR/FPP decreased 6.3% from FY2019 to FY2020, below the 3.5% maximum growth ceiling set forth by the GMCB.

Note : [FY2020 Budget Guidance](#) established a 3.5% growth target.

Common Financial Highlights

Balance Sheet:

- Days Cash on Hand
 - Excess cash is due to the COVID-19 relief funds
- Capital Projects
 - Majority of hospitals froze capital projects

Income Statement:

- NPR/FPP
 - Utilization/volume was lower in the spring/summer months
 - Bad debt was mixed due to patients losing employment, less revenue, less staff to monitor collections, and FASB revenue recognition changes
 - Payer revenue was dependent on the hospital's experience
- Other Operating Revenue
 - CARES Act Funding
 - Expansion of 340B retail pharmacy programs

Common Financial Highlights

(continued)

- Operating Expenses
 - Salaries were lower due to lower volumes, voluntary furloughs, and hiring freezes
 - Fringe benefits varied due to each hospital's experience, higher health claims, lower salaries
 - Traveler usage was higher due to an increased reliance and higher cost of contracted labor
 - Depreciation was lower due to suspension of capital projects
 - Medical supplies were lower due to lower volumes
 - Other expenses were higher due to COVID-19 related costs such as PPE, sanitation, screening, etc.
- Non-Operating Revenue
 - Investments were higher due to return of market values
 - Bond swaps were lower due to interest fluctuations in the bond market
 - Community support was higher
- Operating margins were mixed due to Federal COVID-19 accounting guidance
- Total margins varied due to discussion above

Glossary

Critical Access Hospital (CAH): Designation given to eligible rural hospitals by the Centers for Medicare and Medicaid Services. CAH designation aims to reduce the financial vulnerability of rural hospitals and improve access to healthcare by keeping essential services in rural areas. To accomplish this goal, CAHs receive certain benefits, such as cost-based reimbursement for Medicare services.

Prospective Payment System (PPS): PPS is a method of reimbursement in which Medicare payment is made based on a predetermined, fixed amount. The payment amount for a particular service is derived based on the classification system of that service (for example, diagnosis-related groups for inpatient hospital services).

Net Patient Revenue (NPR): Revenue a hospital will receive for services rendered. It is the amount resulting after contractual allowances, commercial discounts, and free care are deducted from gross charges.

Fixed Prospective Payment (FPP): Fixed payments from the Accountable Care Organization (ACO) that cover the cost of medical care provided to lives attributed to the ACO, net of value-based incentive program deductions. Participation fees are recorded in Operating Expenses.

Operating Expenses: All input costs required to provide goods and services to patients. This includes salaries, fringes, insurance, professional fees, depreciation, interest, etc.

Acute Admissions: The number of patients admitted to a hospital for care in a given time period.

Outpatient: Individuals who receive services in the hospital but do not stay overnight.

Glossary

Days Cash on Hand: $(\text{Cash} + \text{Investments} + \text{Unrestricted Funded Depreciation (Board Designated Assets)} + \text{Unrestricted Other Board Designated Assets}) * 365 / (\text{Total expense} - (\text{Depreciation} + \text{Amortization}))$

Operating Margin: $\text{Operating Surplus} / (\text{NPR} + \text{FPP} + \text{Other Operating Revenue})$

Total Margin: $(\text{Operating Surplus} \& \text{ non-operating Revenues}) / (\text{NPR} + \text{FPP} + \text{Other Operating Revenue} + \text{Non-Operating Revenue})$

Days Payable: $\text{Current Liabilities} / (\text{Total Expenses} - (\text{Depreciation} + \text{Amortization} + \text{Interest})) * 365$

Days Receivable: $\text{Net Patient Accounts Receivable} / \text{NPR} * 365$

Debt Service Coverage Ratio: $(\text{Net Operating Income} + \text{Depreciation} + \text{Amortization} + \text{Interest}) / (\text{Current Portion of Long-Term Debt} + \text{Interest})$
