

## Grace Cottage Responses to GMCB FY25 Hearing Questions

1. Do you have a sense of how many ED patients could be treated in primary care or urgent care settings?

Based on analysis of reports run from our EHR, this is what we found for the past year:

Total ED Encounters: 4136

Total ED Encounters to our GCH empaneled patients: 2371

Total of those Less urgent/Non urgent Triage: 1099

Total of those Less urgent/Non urgent and seen during clinic hours: 472

Total of those Less urgent/Non urgent, seen during clinic hours less trauma, chest pain, SOB: 343
