4 CONTENT AND FORMAT OF RESPONSES: The content and format requirements listed below are the minimum requirements for State evaluation. These requirements are not intended to limit the content of a Bidder’s proposal. Bidders may include additional information or offer alternative solutions for the State’s consideration. However, the State discourages overly lengthy and costly proposals, and Bidders are advised to include only such information in their response as may be relevant to the requirements of this RFP.

The cover letter must also include a written explanation **for each marked section** explaining why such material should be considered exempt from public disclosure in the event of a public records request, pursuant to 1 V.S.A. § 317(c), including the prospective harm to the competitive position of the Bidder if the identified material were to be released. Additionally, the Bidder must include a redacted copy of the response for portions that are considered proprietary and confidential. Redactions must be limited so that the reviewer may understand the nature of the information being withheld. It is typically inappropriate to redact entire pages, or to redact the titles/captions of tables and figures. Under no circumstances may the entire response be marked confidential, and the State reserves the right to disqualify responses so marked.
- 4.2.3 **Exceptions to Contract Terms and Conditions.** If a Bidder wishes to propose an exception to any terms and conditions set forth in the Standard Contract Form and its attachments, such exceptions must be included in the cover letter to the RFP response. Failure to note exceptions when responding to the RFP will be deemed to be acceptance of the State contract terms and conditions. If exceptions are not noted in the response to this RFP but raised during contract negotiations, the State reserves the right to cancel the negotiation if deemed to be in the best interests of the State. Note that exceptions to contract terms may cause rejection of the proposal.
