

OneCare Vermont

August 8, 2023

Dear Russ,

In response to the GMCB's invitation for public comment, OneCare objects to the motion presented by Chairman Foster and discussed during the "New Business" portion of the GMCB's August 2, 2023 meeting. As it did in its June 21, 2023 meeting, the GMCB considered a motion regarding OneCare's employees' compensation without providing any prior notice, even though the discussion and the prepared PowerPoint that accompanied it were clearly planned in advance. This pattern displays a disappointing disregard for procedural fairness. Moreover, OneCare maintains that the motion proposed on August 2 purporting to cap compensation for OneCare executives, like the vote taken on June 21, 2023, exceeds the GMCB's statutory and regulatory authority.

Respectfully,

Aaron Perry  
Chief Legal Counsel, OneCare Vermont
