

OneCare Vermont

April 19, 2024

Dear Green Mountain Care Board and Office of the Health Care Advocate,

During OneCare Accountable Care Organization, LLC's ("OneCare") testimony before the Green Mountain Care Board ("GMCB") on April 17, 2024, a line of questioning arose around what was later determined to be Condition 9. Specifically, the GMCB inquired about the information supplied related to OneCare's Revised Budget in compliance with what OneCare has deduced to be Condition 9.c., requiring OneCare to supply "[a] revised budget, using a template provided by GMCB staff." OneCare complied fully with this condition by completing the entire Revised Budget Workbook, utilizing all available information. With regard to the GMCB's specifically-expressed concern about the lack of data in the Administrative Budget by Function/Program worksheet in the Workbook, OneCare does not possess responsive information and would refer the GMCB back to its February 13, 2024 letter (sent to the GMCB prior to the issuance of the final budget FY24 budget orders) which thoroughly explains why it does not have such data and calls the GMCB's attention to the voluminous materials that OneCare submitted demonstrating how it builds its budget and allocates its resources. Thus, any conclusions that OneCare has not complied with this element of the FY24 budget orders are unfounded, and OneCare specifically takes issue with such conclusions.

Respectfully,

Abe Berman
Chief Executive Officer, OneCare Vermont
