Independent Auditors' Report

To the Board of Trustees of
Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center)
and Subsidiaries:

Opinion

We have audited the accompanying consolidated financial statements of Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center) (a nonprofit organization), which comprise the consolidated balance sheets as of September 30, 2022 and 2021, and the related statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center) as of September 30, 2022 and 2021, and the results of its operations, changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center)'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center)'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary consolidating information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

WINDSOR HOSPITAL CORPORATION (d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER) AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

1. Organization and Community Benefit Commitments:

The Windsor Hospital Corporation (d/b/a Mt. Ascutney Hospital and Health Center) (Hospital) is a Vermont not-for-profit corporation which provides facilities for twenty-five (25) critical access hospital beds and ten (10) rehabilitation beds and also outpatient services including physician clinics in the Windsor, Vermont area.

Effective July 1, 2014, the Hospital became a subsidiary of Dartmouth-Hitchcock Health. In 2022, Dartmouth-Hitchcock Health changed its name to Dartmouth Health (DH). DH is also the parent company of Mary Hitchcock Memorial Hospital (MHMH) and the Dartmouth-Hitchcock Clinic and was formed as an integrated health system designed to efficiently coordinate resources, expand access to specialized services and research and enhance the value and quality of care in communities throughout Vermont and New Hampshire. In accordance with Accounting Standards Update No. 2010-07, *Not-for-Profit Entities: Mergers and Acquisitions*, the assets and liabilities of the Hospital were accounted for at fair value as of the date of the acquisition at the subsidiary level.

The Hospital is the sole corporate member of Historic Homes of Runnemedede, Inc. (Historic Homes), which is a not-for-profit Vermont corporation operating in Windsor, Vermont. Historic Homes' activities include recreational, educational, and residential care services for the aging. Additional programs such as transportation, nutrition, social services, and life enrichment are provided.

The Hospital is the sole corporate member of Mt. Ascutney Hospital Community Health Foundation, Inc. (Foundation), which is a not-for-profit Vermont corporation operating in Windsor, Vermont. The Foundation provides health education and health promotion programs and services aimed at improving the health status of the Windsor community. On April 4, 2016, the Board of Trustees approved the transfer of the Foundation's program services to the Hospital in order to utilize the Hospital as the primary driver of community health and placing the Foundation on hold until a time that its structure is needed. All assets and liabilities of the Foundation were transferred to the Hospital at this time.

Community Benefits

The mission of the Hospital is to improve the lives of those we serve.

The Hospital actively supports community-based healthcare and promotes the provision and coordination of services among healthcare providers and social services organizations. In addition, the Hospital also seeks to work collaboratively with other area healthcare and human service providers to improve the health status of the region.

- Community Health Services include activities carried out to improve community health and could include community health education (such as classes, programs, support groups, health fairs and materials that promote wellness and prevent risk and illness), community-based clinical services (such as free clinics and health screenings), and healthcare support services (enrollment assistance in public programs, assistance in obtaining free or reduced costs medications, telephone information services, or transportation programs to enhance access to care, etc.).
- Subsidized Health Services are services provided by the Hospital, resulting in financial losses that meet the needs of the community and would not otherwise be available unless the responsibility was assumed by the government.
- Health Professions Education includes uncompensated costs of training medical students, residents, nurses, and other health care professionals.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

1. Organization and Community Benefit Commitments (continued):

- Community Benefit Operations includes costs associated with staff dedicated to administering benefit programs, community health needs assessment costs and other costs associated with community benefit planning and implementation.
- Charity Care and Costs of Government Sponsored Health Care includes losses, at-cost, incurred by providing health care services to persons qualifying for hospital financial assistance programs, and uncompensated costs of providing health care services to patients who are Medicaid Beneficiaries.
- The Uncompensated Cost of Care for Medicaid patients reported in the unaudited IRS form 990, Schedule H for 2021 was approximately \$6,703,000.

The following table summarizes the value of the net community benefit initiatives outlined in the Hospital's most recently filed unaudited IRS form 990 for the year ended September 30, 2021:

Government-sponsored healthcare services	\$ 5,309,178
Subsidized health services	2,521,153
Community health improvement services	277,693
Charity care	203,616
Health professional education	371,655
Financial contributions	<u>2,180</u>
Total net community benefit value	<u>\$ 8,685,475</u>

2. Summary of Significant Accounting Policies:

Principles of Consolidation – The consolidated financial statements include the accounts of the Hospital and its subsidiaries (collectively, the Organization). All significant intercompany balances have been eliminated in consolidation.

Basis of Presentation – The consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and have been prepared consistent with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 954, *Healthcare Entities*, which addresses the accounting for healthcare entities. The net assets, revenue, expenses and gains and losses of healthcare entities are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets without donor restrictions are amounts not subject to donor-imposed stipulations and are available for operations. Net assets with donor restrictions are those whose use has been limited by donors to a specific time period or purpose, or whose use has been restricted by donors to be maintained in perpetuity.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued):

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Cash and cash equivalents include money market funds and highly liquid debt instruments with a maturity of less than one year when purchased. Cash and cash equivalents exclude assets whose use is limited by the Board of Trustees. The Organization maintains its cash in deposit accounts which, at times, may exceed federal depository insurance limits. Management believes credit risk related to these investments is minimal. The Organization has not experienced any losses in such accounts.

Restricted Cash – The Organization classifies cash held on behalf of Mt. Ascutney Hospital Auxiliary and residents of Historic Homes as restricted cash.

Patient Accounts Receivable – Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the provision for doubtful accounts and a credit to accounts receivable.

In evaluating the collectability of accounts receivable, the Hospital analyzes past results and identifies trends for each major payor source of revenue for the purposes of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for doubtful accounts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for doubtful accounts are established at varying levels based on the age of the receivables and payor source. For receivables relating to self-pay patients, a provision for doubtful accounts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible. Actual write-offs are charged against the provision for doubtful accounts.

Inventories – Inventories are stated at the lower of cost (determined by the first-in, first-out method) or net realizable value.

Investments – Assets whose use is limited and other investments for restricted activities include donor-restricted investments and designated assets set aside by the Board of Trustees for future capital improvements, over which the Board retains control and may, at its discretion, use for other purposes.

The Organization records its investment securities at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Investment gains and income are reported as increases to net assets depending on the existence or absence of donor restrictions.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued):

Investment income without donor restrictions and gains and losses from all other investments are reported as nonoperating revenue. Unrealized gains and losses on investments are excluded from the excess of revenues, gains, and other support over expenses and nonoperating revenue, and reported as an increase in net assets, except that declines that are considered other than temporary are reported within excess of revenues and gains over expenses.

Employee Fringe Benefits – The Organization has an “earned time” plan to provide certain fringe benefits for its employees. Under this plan, each employee “earns” paid leave for each payroll period. Accumulated hours may be used for vacations, holidays, or illnesses. Hours earned, but not used, vest with the employees up to established limits. The Organization accrues the cost of these benefits as they are earned.

Property and Equipment – Property and equipment acquisitions are recorded at cost or, if contributed, at fair market value determined at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method.

Effective July 1, 2014, property and equipment was adjusted to fair value as described under Organization related to business combination transaction. Property and equipment acquisitions subsequent to this date are recorded at cost.

Gifts of long-lived assets such as land, buildings or equipment are reported as unrestricted support, and are excluded from the excess of revenues, gains, and other support over expenses and nonoperating revenue, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The factors considered by management in performing this assessment include current operating results, trends, and prospects, as well as the effects of obsolescence, demand, competition, and other economic factors.

Refundable Advance – Conditional contributions received by the Organization are recorded as a liability under “refundable advance” until the conditions have been substantially met or explicitly waived by the donor.

Bond Issuance Costs – The costs incurred to obtain financing for the Organization’s construction programs are amortized over the repayment period of the bonds and are included in long-term debt, net of amortization on the balance sheets.

Nonoperating Revenue – Activities, other than in connection with providing health care services, are considered to be nonoperating. Nonoperating revenue consist primarily of income on invested funds, other than temporary declines on investments.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued):

Excess of Revenues, Gains and Other Support Over Expenses and Nonoperating Revenues (Expenses) – The statements of operations include excess of revenues, gains, and other support over expenses and nonoperating revenues (expenses). Changes in unrestricted net assets, which are excluded from this measure, consistent with industry practice, include unrealized gains (losses) on investments, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets) and changes in net assets to recognize funded status of pension plan.

Net Patient Service Revenue – The Organization has agreements with third-party payors that provide for payments to the Organization at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, discounted charges and per diem rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors, except for amounts received under the agreement with OneCare Vermont Accountable Care Organization, LLC. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Net Assets With Donor Restrictions

Time or Purpose – Those whose use by the Organization has been limited by donors to a specific time period or purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with time or purpose donor restrictions are reclassified as net assets without donor restrictions and reported in the statements of operations and changes in net assets as either net assets released from restrictions used for operations or net assets released from restrictions used for capital acquisition.

Perpetual – Restricted by donors to be maintained by the Hospital in perpetuity. Generally, income earned on net assets with perpetual donor restrictions, including net realized appreciation (depreciation) on investments, is included in net assets with a time or purpose donor restriction until appropriated by the Board. Appreciation (depreciation) on perpetual trusts is included within net assets with perpetual donor restrictions.

Other Operating Revenue – The Organization recognizes other revenue which is not related to patient medical care but is central to the day-to-day operations of the Organization. Other revenue primarily consists of grant revenue, which is recognized as revenue in the period in which the expenses are incurred. Grant revenues are recorded in accordance with the provisions of the applicable award amounts and are primarily considered to be exchange transactions. The Organization is subject to the regulations and reporting requirements of the applicable governmental and grantor agencies. Other revenue also includes the Department of Health and Human Services (“HHS”) Coronavirus Aid, Relief, and Economic Securities Act [“CARES Act” Provider Relief Funds (“Provider Relief Funds”)], operating agreements, cafeteria sales, 340B revenue, residential services, and other support service revenue, all primarily considered to be exchange transactions. Provider Relief Funds are a conditional contribution. The Organization has elected the “simultaneous release” accounting policy option, such that, conditional contributions received whose condition lapses simultaneously with the expiration of donor-imposed use restrictions are reported in net assets without donor restrictions.

Charity Care – The Organization provides care to patients who meet criteria under its charity care policy without charge, or at amounts less than its established rates. Because the Organization does not pursue collections of amounts determined to qualify as charity care, they are not reported as revenue.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

2. Summary of Significant Accounting Policies (continued):

Donor-Restricted Gifts – Unconditional promises to give cash and other assets to the Organization are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the statements of operations as net assets released from restrictions.

Income Taxes – The Organization’s parent company and subsidiaries are exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. However, the Organization is subject to federal income tax on any unrelated business taxable income.

ASC Subtopic 740-10, *Accounting for Uncertainty in Income Taxes*, addresses the accounting uncertainty of income taxes recognized in an enterprise’s financial statements and prescribes a threshold of “more-likely-than-not” for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Subtopic 740-10 also provides guidance on measurement classification, interest and penalties and disclosure. The Organization has determined that the provisions of Subtopic 740-10 do not have a material effect on the Organization’s financial statements. The Organization believes it is no longer subject to examinations for fiscal years prior to 2019.

Liquidity – Assets are presented in the accompanying consolidated balance sheets according to their nearness of conversion to cash and liabilities according to the nearness of their maturity and resulting use of cash.

Recently Adopted Accounting Pronouncements – Effective October 1, 2021, the Organization retrospectively adopted ASU 2020-07, *Not-for-Profit Entities: Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The ASU requires contributed nonfinancial assets to be presented as a separate line item in the statement of activities, apart from contributions of cash and other financial assets; to disclose a disaggregation of the amount of contributed nonfinancial assets recognized within the statement of activities by category that depicts the type of contributed nonfinancial assets; and certain additional disclosures for each category of contributed nonfinancial assets recognized including whether the nonfinancial assets were either monetized or utilized during the reporting period, the not-for-profit’s policy about monetizing rather than utilizing, a description of any donor-imposed restrictions and a description of the valuation techniques and inputs used to arrive at a fair value measure. The adoption of ASU 2020-07 has not materially impacted the financial position, changes in net assets, or cash flows, and management has determined no adjustment was necessary.

Effective October 1, 2021, the Organization retrospectively adopted ASU No. 2018-15, *Intangibles – Goodwill and Other – Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That is a Service Contract*. This ASU aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract, with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software or software licenses. The adoption of ASU 2018-15 has not materially impacted the financial position, changes in net assets, or cash flows, and management has determined no adjustment was necessary.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

3. Net Patient Service Revenue, Other Revenue and Patient Accounts Receivable:

The Organization reports net patient service revenue at amounts that reflect the consideration to which it expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payers (including managed care payers and government programs) and others; and they include variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Organization bills patients and third-party payers several days after the services were performed or shortly after discharge. Revenue is recognized as performance obligations are satisfied under contracts by providing healthcare services to patients.

The Organization determines performance obligations based on the nature of the services provided. Revenues for performance obligations satisfied over time are recognized based on actual charges incurred in relation to total expected charges as this method provides a reasonable estimate of the transfer of services over the term of performance obligations based on inputs needed to satisfy the obligations. Generally, performance obligations satisfied over time relate to patients receiving inpatient acute care services. For inpatient services, performance obligations are measured from admission to the point when there are no further services required for the patient, which is generally the time of discharge. For outpatient services and physician services, performance obligations are recognized at a point in time when the services are provided, and no further patient services are deemed necessary.

Generally, the Organization's patient service performance obligations relate to contracts with a duration of less than one year. Therefore, the Organization has elected to apply the optional exemption provided in ASC 606-10-50-14a and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. This generally refers to inpatient services at the end of the reporting period. The performance obligations for these contracts are generally completed when the patients are discharged, which generally occurs within days or weeks of the end of the reporting period.

Explicit Pricing Concessions

Established charges represent gross charges. They are not the same as actual pricing, and they generally do not reflect what a hospital is ultimately entitled to for services it provides. Therefore, they are not displayed in the Organization's consolidated statements of operations and changes in net assets.

A summary of the payment arrangements with major third-party payors follows:

Medicare – The Hospital is a Critical Access Hospital (CAH). As a CAH, the Hospital is reimbursed 101%, less 2% for sequestration, of reasonable allowable cost for its inpatient acute, swing bed and outpatient services, provided to Medicare patients. Sequestration was suspended beginning in March 2020 due to the COVID-19 pandemic (see also Note 23), through March 31, 2022. The Hospital is reimbursed at tentative rates for cost reimbursable items with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. Final settlements have been determined for all years through September 30, 2020, of which 2019 and 2020 were settled during fiscal year 2022.

The Hospital's rehabilitation unit is licensed as a rehabilitation distinct part unit and is paid under the inpatient rehabilitation facility prospective payment system rather than under the CAH allowable cost program.

Medicaid – Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed at determined prospective rates. There is no retroactive settlement process for Medicaid.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

3. Net Patient Service Revenue, Other Revenue and Patient Accounts Receivable (continued):

Commercial – The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Health Care Reform Payments (OneCare Vermont) – OneCare is an accountable care organization (ACO) working with Medicare, Vermont Medicaid, Commercial and Self-Funded insurance programs. It is comprised of an extensive network of physicians, hospitals, and other providers. This payer ACO Model is a five-year agreement between the Centers for Medicare and Medicaid Services (CMS), the Green Mountain Care Board and the Secretary of the Agency of Human Services.

The Hospital has entered into a Risk-Bearing Participant and Preferred Provider Agreement with OneCare Vermont where the participants agree to share in the financial outcomes from their joint efforts in population management. This agreement is for the period October 1, 2018 to the earlier of when the provider is no longer participating in an ACO program or December 31, 2022. The Hospital has signed agreements to participate in Medicare and Medicaid for calendar year 2023.

A component of this agreement provides for participation in the All-Inclusive Population-Based Payment (AIPBP) program. The payment methodology within the AIPBP provides for fixed prospective payments (FPP). OneCare Vermont calculates these payments considering the attributed lives, periodically adjusted for death, change of address, and change of provider as well as the Hospital service area and estimated total cost of care. During calendar year 2019, the Hospital participated in the Medicaid and Medicare AIPBP program and received FPP from both payers. In calendar year 2020, the Hospital withdrew from the Medicare AIPBP program and resumed receiving traditional fee-for-service payments from Medicare. The Hospital continued to receive FPP from Medicaid during calendar years 2020 through 2022.

Another component of the agreement relates to the maximum financial risk and how the related risk formula varies by payer. The calculation of the maximum risk is complex and performed by OneCare Vermont, using estimates obtained from payers in prior periods, along with state-wide healthcare trends and objectives. The hospitals participating in the program have limited knowledge of all of the components of the calculation. The maximum risk for each payer incorporates an agreed-upon percentage of estimated total cost for the hospital service area. Related to the risk-sharing component of the agreement, the Hospital reserved approximately \$35,000 as of September 30, 2022 and 2021, for Medicare and Medicaid risk, combined. The liability for risk was eliminated for calendar years 2020 through 2022, due to the National Health Emergency, caused by the pandemic. A participant in the program may not incur risk with favorable performance against the medical expense targets for a given contract year. In this case, the favorable performance (savings) would be shared between the payer, the ACO, and the Hospital. The change in risk reserves increased health care reform payments reported on the statements of operations by \$0 and \$65,000 for the years ended September 30, 2022 and 2021, respectively.

Provider Tax and Disproportionate Share Hospital

During the years ended September 30, 2022 and 2021, the Hospital recognized Disproportionate Share Hospital (DSH) payments of approximately \$1,265,000 and \$525,000, respectively. DSH payments are subject to audit.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

3. Net Patient Service Revenue, Other Revenue and Patient Accounts Receivable (continued):

During the years ended September 30, 2022 and 2021, the Hospital recorded State of VT Provider taxes of \$2,393,940 and \$1,891,411, respectively. The taxes are calculated at 6% of certain patient service revenues. The Provider taxes are included in operating expenses in the consolidated statements of operations.

Implicit Price Concessions

Generally, patients who are covered by third-party payer contracts are responsible for related co-pays, co-insurance, and deductibles, which vary depending on the contractual obligations of patients. The Organization also provides services to uninsured patients and offers those patients a discount from standard charges. The Organization estimates the transaction price for patients with co-pays, co-insurance, and deductibles and for those who are uninsured based on historical collection experience and current market conditions. The discount offered to uninsured patients reduces the transaction price at the time of billing. The uninsured and patient responsible accounts, net of discounts recorded, are further reduced through implicit price concessions based on historical collection trends for similar accounts and other known factors that impact the estimation process. Subsequent changes to the estimate of transaction price are generally recorded as adjustments to net patient service revenue in the period of change.

The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to patients and the amounts the Organization expects to collect based on collection history with similar patients. Although outcomes vary, the Organization's policy is to attempt to collect amounts due from patients, including co-pays, co-insurance, and deductibles due from insurance at the time of service while complying with all federal and state statutes and regulations, including but not limited to, the Emergency Medical Treatment and Active Labor Act (EMTALA).

Revenue from the Medicare and Medicaid programs accounted for approximately 57% and 13%, respectively, of the Hospital's gross patient revenue for the year ended 2022, and 56% and 12%, respectively, of the Hospital's gross patient revenue for the year ended 2021. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Adjustments to net patient service revenue were made in order to recognize revised or new information obtained, subsequent to initial estimates. Those adjustments, related to settling prior year annual cost reports, decreased net patient service revenue approximately \$502,000 in 2022 and increased approximately \$1,532,000 in 2021.

On March 1, 2013, certain provisions of the Federal Government's Budget Control Act of 2011 went into effect. Among these are mandatory payment reductions under the Medicare program known as sequestration. Under these provisions, Medicare reimbursement was reduced by two percent on all claims with dates-of-service or dates-of-discharge on or after April 1, 2013. The continuation of these payment cuts for an extended period of time will have an adverse effect on the operating results of the Hospital. Sequestration was suspended beginning in March 2020 due to the COVID-19 pandemic (see also Note 23), through March 31, 2022.

Net operating revenues for the Hospital's operations consist primarily of net patient service revenues, principally for patients covered by Medicare, Medicaid, managed care, and other health plans as well as patients covered under the Hospital's uninsured discount and charity care programs.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

3. Net Patient Service Revenue, Other Revenue and Patient Accounts Receivable (continued):

According to ASC 606, the Organization must disclose sources of net operating revenues presented at the net transaction price for the years ended September 30:

	<u>2022</u>	<u>2021</u>
Hospital		
Medicare	\$ 31,288,292	\$ 31,367,304
Medicaid	2,752,292	1,917,986
Commercial	25,238,546	26,054,658
Self Pay	554,446	329,721
	<u>59,833,576</u>	<u>59,669,669</u>
Health care reform payments (OneCare Vermont)		
Medicare	125,834	283,251
Medicaid	2,535,286	1,905,752
Commercial	87,689	105,383
	<u>2,748,809</u>	<u>2,294,386</u>
Other operating revenue		
Hospital	3,297,242	5,018,172
Historic Homes	1,944,741	1,833,315
Total other	<u>5,241,983</u>	<u>6,851,487</u>
Total net operating revenues	<u>\$ 67,824,368</u>	<u>\$ 68,815,542</u>

4. Charity Care and Community Services:

Consistent with its tax-exempt status and community service responsibility, the Hospital provides services at no charge or at discounted rates to patients who are uninsured or underinsured that meet certain criteria. The criteria for charity care consider family income, net worth, and extent of financial obligations, including health care costs.

The net cost of charity care provided was \$563,000 and \$507,000 in 2022 and 2021, respectively, based on the overall ratio of cost to charges from the most recent Medicare cost report.

In 2022, the Hospital provided 359 patients charity care assistance. In 2021, 315 patients received charity care. The largest portion of services provided on a charity basis for 2022 and 2021 was for emergency department services.

The determination of eligibility for charity care is granted on a sliding fee basis. Patients with family income less than the 225% of the Department of Health and Human Services Income Poverty Guidelines shall not be responsible for the balance of their account for services rendered at the Organization. Those with family income at least equal to 226% but not exceeding 250% of the guidelines, shall be responsible for 25% of the remaining balance of their accounts. Those with family income at least equal to 251%, but not exceeding 275% of the guidelines, will be responsible for 50% of the remaining balance of their accounts. Those with family income at least equal to 276%, but not exceeding 300% of the guidelines, will be responsible for 75% of the remaining balance of their accounts.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

5. Other Operating Revenue:

Other operating revenue included the following for the years ended September 30:

	<u>2022</u>	<u>2021</u>
Grant revenue	\$ 925,717	\$ 1,300,860
340b revenue	666,640	1,512,860
Residential services	1,944,741	1,833,315
Program revenue, sale of services and other	<u>1,377,760</u>	<u>1,999,200</u>
Total other operating revenue	<u>\$ 4,914,858</u>	<u>\$ 6,646,235</u>

6. Inventories:

The major classes of inventories consisted of the following as of September 30:

	<u>2022</u>	<u>2021</u>
Pharmacy	\$ 305,671	\$ 302,938
Operating room	87,000	98,910
Other	<u>57,779</u>	<u>80,859</u>
	<u>\$ 450,450</u>	<u>\$ 482,707</u>

7. Donor Restricted Endowment Net Assets:

Net assets include numerous funds established for a variety of purposes including both donor restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees has interpreted the Vermont Uniform Prudent Management of Institutional Funds Acts (UPMIFA or Act) for donor-restricted endowment funds as requiring the preservation of the original value of gifts, as of the gift date, to donor-restricted endowment funds, absent explicit donor stipulations to the contrary. The Organization's net assets with donor restrictions which are to be held in perpetuity consist of: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to be held in perpetuity, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, if any. Collectively these amounts are referred to as the historic dollar value of the fund.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

7. Donor Restricted Endowment Net Assets (continued):

Net assets without donor restrictions include funds designated by the Board of Trustees. Net assets with donor restrictions that are temporary in nature, either restricted by time or purpose, include funds appropriated for expenditure pursuant to endowment and investment spending policies, certain expendable endowment gifts from donors, and any retained income and appreciation on donor-restricted endowment funds, which are restricted by the donor to a specific purpose or by law. When the restrictions on these funds have been met, the funds are reclassified to net assets without donor restrictions.

The Organization's policy is to appropriate for distribution each year 4% of its donor restricted endowment net assets' rolling three-year average market value to the extent accumulated gains and income are available.

The Organization's investment assets are held at DH. DH targets a diversified asset allocation that places emphasis on investments in domestic and international equities, fixed income, private equity, and hedge fund strategies to achieve its long-term return objectives within prudent risk constraints. DH's Investment Committee reviews the policy portfolio asset allocations, exposures, and risk profile on an ongoing basis.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below their original contributed value. Such market losses were not material as of September 30, 2022 and 2021.

Endowment Net Asset Composition by Type of Fund as of September 30, 2022

	<u>Time or Purpose</u>	<u>Perpetual</u>	<u>Total</u>

8. Other Receivables:

Other receivables consisted of the following at September 30:

	<u>2022</u>	<u>2021</u>
Grants receivable	\$ 428,596	\$ 393,656
Resident receivable, net of allowance	108,871	101,410
Other	<u>263,073</u>	<u>260,964</u>
	<u>\$ 800,540</u>	<u>\$ 756,030</u>

9. Investments:

The Hospital owns approximately 2.1% of the Dartmouth-Hitchcock Master Investment Program of Pooled Investment Accounts partnership as of September 30, 2022 and 2021. This is a pooled/commingled investment fund where shares or units are owned of pooled funds rather than the underlying securities in that fund. These pooled/commingled funds make underlying investments in securities from the asset classes listed below and totaled \$31,187,755 and \$30,262,936 as of September 30, 2022 and 2021, respectively. The Hospital also directly owns cash that is classified as short-term investments on the consolidated balance sheet of \$5,838,799 and \$7,521,023 as of September 30, 2022 and 2021, respectively.

Historic Homes directly owns the investments in securities from the asset classes listed below in the amount of \$1,180,339 and \$1,339,641 as of September 30, 2022 and 2021, respectively.

Investments are accounted for using the fair value method of accounting and are reported at what the Organization believes to be the amount that the Organization would expect to receive if it liquidated its investments at the balance sheet date on a nondistressed basis.

The following tables summarize the investments by asset classes, as of September 30, 2022 and 2021. Accounting standards require disclosure of additional information for the securities accounted for using the fair value method, as shown in Note 20.

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

10. Beneficial Interest in Trusts:

The Organization is the beneficiary of various trusts for which it is not the trustee, valued at \$1,532,170 and \$1,971,486 in irrevocable perpetual trusts and \$204,157 and \$277,976 in a charitable remainder trust at September 30, 2022 and 2021, respectively. The Organization has reflected as assets in the balance sheets the fair value of the underlying investments in the trusts. Adjustments to the irrevocable perpetual trusts to reflect changes in the fair value are reflected in the statement of changes in net assets as unrealized appreciation (depreciation) in beneficial interest in perpetual trusts as a change in net assets with donor restrictions. Adjustments to the charitable remainder trust to reflect changes in the fair value are reflected in the statement of changes in net assets as unrealized appreciation (depreciation) in charitable remainder trust as a change in net assets with donor restrictions.

11. Property and Equipment:

The major categories of property and equipment are as follows as of September 30:

Maturities on long-term debt for fiscal years subsequent to September 30, 2022 are as follows:

2023 (included in current liabilities)	\$ 4,000
2024	4,000
2025	4,000
2026	4,000
2027	4,000
Thereafter	<u>17,796,350</u>
	\$ <u>17,816,350</u>

The Organization is a member of the Dartmouth-Hitchcock Obligated Group (DHOG). MHMH established the DHOG in 1993 for the original purpose of issuing bonds financed through New Hampshire Health and Education Facilities Authority (NHHEFA). Other members of DHOG include MHMH, Dartmouth-Hitchcock Clinic, The Cheshire Medical Center, Alice Peck Day Memorial Hospital and New London Hospital Association. Dartmouth-Hitchcock Health is designated as the obligated group agent.

Revenue bonds issued by members of the DHOG are administered through notes registered in the name of the Bond Trustee and in accordance with the terms of a Master Trust Indenture. The Master Trust Indenture contains provisions permitting the addition, withdrawal, or consolidation of members of the DHOG under certain conditions. The notes constitute a joint and several obligations of the members of the DHOG (and any future members of the DHOG) and are equally and ratably collateralized by a pledge of the members' gross receipts. The Organization's note payable to MHMH, and Dartmouth-Hitchcock Health was issued by NHHEFA through the DHOG. The Organization does not expect to pay any additional amounts on behalf of its co-obligors. The DHOG is also subject to certain annual covenants under the Master Trust Indenture, the more restrictive is the Annual Debt Service Coverage Ratio (1.10x).

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

14. Lease Commitments:

The Organization determines if an arrangement is or contains a lease at inception of the contract. Right-of-use assets represent the Organization's right to use the underlying assets for the lease term and the lease liabilities represent the Organization's obligation to make lease payments arising from the leases. Right-of-use assets and lease liabilities are recognized at commencement date based on the present value of lease payments over the lease term. The Organization uses the implicit rate noted within the contract. If not readily available, the Organization uses the estimated incremental borrowing rate, which is derived using a collateralized borrowing rate for the same currency and term as the associated lease. A right-of-use asset and lease liability is not recognized for leases with an initial term of 12 months or less and the Organization recognizes lease expense for these leases on a straight-line basis over the lease term within lease and rental expense.

The Organization's operating leases are for real estate and equipment. The Organization's real estate lease agreement had an initial term of 12 years. During the year ended September 30, 2021, the lease was modified to a new 15-year term, with two options to renew for 5 years each. The exercise of lease renewal options is at the Organization's sole discretion. When determining the lease term, the Organization included options to extend or terminate the lease when it is reasonably certain that it will exercise that option.

The components of lease expense are as follows for the years ended September 30:

	<u>2022</u>	<u>2021</u>
Operating lease cost	\$ 419,386	\$ 416,368
Variable and short term lease cost (a)	<u>371,026</u>	<u>347,718</u>
Total lease and rental expense	<u>\$ 790,412</u>	<u>\$ 764,086</u>
Finance lease cost:		
Amortization of property under finance lease	\$ 302,451	\$ 302,451
Interest on debt of property under finance lease	<u>11,882</u>	<u>19,884</u>
Total finance lease cost	<u>\$ 314,333</u>	<u>\$ 322,335</u>

(a) Includes equipment, month-to-month and leases with a maturity of less than 12 months.

Supplemental cash flow information related to leases for the years ended September 30, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows from operating leases	\$ 358,421	\$ 361,655
Operating cash flows from finance leases	11,882	19,884
Financing cash flows from finance leases	<u>308,613</u>	<u>300,311</u>
	<u>\$ 678,916</u>	<u>\$ 681,850</u>

16. Related Party Transactions:

Mt. Ascutney Professional Center Owners Association – The Mt Ascutney Professional Center Owners Association (Association) is a Vermont C corporation organization. The Hospital owns all units of the Professional Center Owners Association. The Organization is considering dissolution of the Association. The Organization pays all condo fees during the year. For the years ended September 30, 2022 and 2021, condo fees were approximately \$101,000 and \$96,000, respectively.

Dartmouth-Hitchcock Health Related Organizations – Effective July 1, 2014, DH became the sole corporate member of the Organization through an affiliation agreement. The affiliation is intended to strengthen the clinical services offered by the Organization, continue to improve population health in the region and reduce overall healthcare spending.

During the ordinary course of business, the Organization receives services from New England Alliance for Health (NEAH), an LLC owned and managed by MHMH, which totaled approximately \$720,000 and \$578,000 for the years ended September 30, 2022 and 2021, respectively. As of September 30, 2022 and 2021, there was no payable or receivable with NEAH.

Through NEAH, the Organization is provided professional and general liability insurance on a claims-made basis through Hamden Risk Retention Group, Inc. (HRRG), a Vermont captive insurance company. HRRG reinsures the majority of this risk to Hamden Assurance (HA), a captive insurance company domiciled in Bermuda and to a variety of commercial reinsurers. DH has ownership interests in both HRRG and HA.

The Organization contracts with Dartmouth-Hitchcock Clinic for clinical, and other services in the ordinary course of business, which totaled approximately \$4,297,000 and \$4,532,000 for the years ended September 30, 2022 and 2021, respectively. The Organization's current Chief Nursing Officer is employed by Dartmouth-Hitchcock Clinic and the Organization contracts for those services. As of September 30, 2022 and 2021, the amounts payable to Dartmouth-Hitchcock Clinic were approximately \$660,000 and \$865,000, respectively.

During the ordinary course of business, the Organization receives services from MHMH which totaled approximately \$178,000 and \$204,000 for the years ended September 30, 2022 and 2021, respectively. As of September 30, 2022 and 2021, the amount payables to MHMH was approximately \$4,500 and \$42,000, respectively.

The Organization pays interest to MHMH for the line of credit and notes payable, which totaled approximately \$473,000 and \$495,000 for the years ended September 30, 2022 and 2021, respectively. As of September 30, 2022 and 2021, the accrued interest due to MHMH was approximately \$89,000 and \$90,000, respectively.

During 2022, DH transferred \$906,668 of net assets to the Organization in the form of specific services provided and contributions towards ERP integration activity. During 2021, DH transferred \$143,310 of net assets without donor restrictions to the Organization in the form of specific services provided.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

17. Commitments and Contingencies:

Litigation – The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Government activity is ongoing with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Compliance with such laws and regulations can be subject to future government review and interpretations, as well as regulatory actions unknown or unasserted at this time. Management believes that the Hospital is in substantial compliance with current laws and regulations.

Investment Risk – The Organization invests in a combination of investment vehicles. Investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect the amounts reported in the statements of financial position.

Self-Insurance – During 2012, the Hospital established a self-insured health care plan for substantially all of its employees. The Hospital has obtained reinsurance coverage to limit the Hospital's exposure associated with the plan individually of \$125,000 and the aggregate limit is determined by the greater of \$2,600,000, or a multiplication of the enrollment and the single and family factors assigned to the aggregate stop loss. Additionally, Dartmouth Hitchcock covers costs at the individual level that are greater than \$125,000, up to a maximum of \$750,000. The accompanying financial statements include an accrual for management's estimate of claims incurred, but not reported, of approximately \$337,000 and \$386,000 as of September 30, 2022 and 2021, respectively. The total cost of the health insurance plan was approximately \$4,549,000 and \$4,772,000 for the years ended September 30, 2022 and 2021, respectively.

Professional Liability Insurance and Litigation – The Hospital carries malpractice insurance coverage under a claims-made policy. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, will be uninsured. The Hospital intends to renew its coverage on a claims-made basis and has no reason to believe that it may be prevented from renewing such coverage. The Hospital is subject to complaints, claims and litigation due to potential claims which arise in the normal course of business. U.S. generally accepted accounting principles requires the Hospital to accrue the ultimate cost of malpractice claims when the incident that gives rise to the claim occurs, without consideration of insurance recoveries. Expected recoveries are presented as a separate asset. The Hospital has evaluated its exposure to losses arising from potential claims and has accrued \$282,553 and \$251,461 for the years ended September 30, 2022 and 2021, respectively, which is included in other liabilities on the consolidated balance sheet.

The Organization is involved in litigation and investigations arising in the normal course of business. After consultation with legal counsel, management estimates that these investigations are within insurance coverage limits and those matters will be resolved without a material adverse effect on the Organization's future financial position or results from operations. Management has not recorded any liabilities related to these investigations.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

18. Concentrations of Credit Risk:

The Organization grants credit without collateral to their patients, most of whom are local residents and are insured under third-party payor agreements. The mix of accounts receivable from patients and third-party payors, exclusive of estimated settlements, was as follows as of September 30:

	<u>2022</u>	<u>2021</u>
Medicare	52%	49%
Medicaid	10	8
Blue Cross	9	14
Other third-party payers	21	21
Patients	<u>8</u>	<u>8</u>
	<u>100%</u>	<u>100%</u>

The Organization maintains its cash in bank deposits which may at times exceed federally insured limits. The Organization has not experienced any losses in such accounts. Management believes the Organization is not exposed to any significant risk on cash and cash equivalents.

19. Benefit Plans:

403(b) Savings Plan – The Organization has a 403(b) savings plan under which eligible employees may contribute a percentage of their annual salaries to the savings plan. The Organization may make discretionary matching contributions as well as discretionary contributions. The Organization made a 4% match on salaries for the 2021 calendar plan year and had accrued \$1,202,497 at September 30, 2021 and will make up to a 3.5% match on salaries for the 2022 calendar plan year and has accrued \$1,020,504 at September 30, 2022.

Defined Benefit Pension Plan and Retiree Medical Plan – The Board of Trustees voted to curtail benefits under the defined benefit plan, effective December 31, 2012. All benefits for active employees became fully vested at that time. The projected benefit obligation at September 30, 2013 has been adjusted to reflect a curtailment gain of \$1,785,782, which is primarily due to the elimination of deferred losses. On April 1, 2019, the Board of Trustees voted to terminate the defined benefit plan. On November 25, 2019, the IRS notified the Organization that their request for terminating the plan was approved. During 2020, the Organization borrowed \$6,600,000 from DH in order to fund the purchase of annuities and lump sum payments for the impacted employees, officially terminating the defined benefit plan.

In addition to providing pension benefits, the Organization provides health care benefits for retired employees and their spouses. The Organization has not funded the health care plan other than to pay current benefits. Retirees are required to make partial contributions if they choose to participate and if they elect to have their dependents covered. The Organization's contributions made in 2022 and 2021 were \$34,910 and \$33,454, respectively.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

19. Benefit Plans (continued):

The following tables set forth the funded status of the plans and the amounts recognized in the Organization's financial statements as of and for the years ended September 30:

	<u>2022</u>	<u>2021</u>
Change in benefit obligation		
Projected benefit obligation, beginning of year	\$ 481,315	\$ 511,337
Interest costs	14,844	14,838
Liability (gain) or loss	(93,564)	(11,406)
Settlements	-	-
Benefits paid	<u>(34,910)</u>	<u>(33,454)</u>
Projected benefit obligation at September 30	\$ <u>367,685</u>	\$ <u>481,315</u>
Accumulated benefit obligation	\$ <u>367,685</u>	\$ <u>481,315</u>
Funded status at September 30, accrued liability	\$ <u>(367,685)</u>	\$ <u>(481,315)</u>
Actuarial (gain) loss not yet reflected in net periodic benefit income and included in change in net assets	\$ <u>(56,412)</u>	\$ <u>37,152</u>

The prior service costs and net loss for the plans that are expected to be amortized from net assets without donor restrictions in net postretirement benefit cost over the next fiscal year are \$0.

The weighted average assumptions used in the measurement of the Hospital's benefit obligation at September 30 are shown in the following table:

	<u>2022</u>	<u>2021</u>
Discount rate	6.10%	3.20%
Rate of compensation increase	-	-

The weighted average assumption used in the measurement of the Hospital's net periodic postretirement cost for the years ended September 30 are shown in the following table:

	<u>2022</u>	<u>2021</u>
Discount rate	3.20%	3.00%
Expected long-term return on plan assets	-	-
Rate of compensation increase	-	-

The Organization considers various factors in estimating the expected long-term rate of return on plan assets. Among the factors considered are the historical long-term returns on plan assets, the current and expected allocation of plan assets, input from actuaries and investment consultants and long-term inflation assumptions. The expected allocation of plan assets is based on a diversified portfolio consisting of domestic and international equity and fixed income securities.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

19. Benefit Plans (continued):

Cash Flows – The Organization funds the Plan annually by making a contribution of at least the minimum amount required by applicable regulations and as recommended by the Plan’s actuary. However, the Organization may also fund the Plan in excess of the minimum required amount.

Projected benefit payments	
2023	\$ 34,647
2024	35,147
2025	35,415
2026	35,434
2027	35,194
2028-2032	163,771

20. Fair Value Measurements:

FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

20. Fair Value Measurements (continued):

The Organization's other financial instruments consist of cash and cash equivalents, trade accounts receivable and payable, estimated third-party payor settlements and long-term debt. The carrying values of these financial instruments approximate their fair values.

The following table summarizes Level 3 instruments measured at fair value on a recurring basis as of September 30, 2022:

	Beneficial Interest in Perpetual <u>Trusts</u>	Charitable Remainder <u>Trust</u>
Balance at September 30, 2021	\$ 1,971,486	\$ 277,976
Unrealized depreciation	<u>(439,316)</u>	<u>(73,819)</u>
Balance at September 30, 2022	<u>\$ 1,532,170</u>	<u>\$ 204,157</u>

The following table summarizes Level 3 instruments measured at fair value on a recurring basis as of September 30, 2021:

	Beneficial Interest in Perpetual <u>Trusts</u>	Charitable Remainder <u>Trust</u>
Balance at September 30, 2020	\$ 1,717,308	\$ 231,738
Unrealized appreciation	<u>254,178</u>	<u>46,238</u>
Balance at September 30, 2021	<u>\$ 1,971,486</u>	<u>\$ 277,976</u>

The fair value of Level 2 assets is primarily based on quoted market prices of underlying assets, comparable securities, interest rates and credit risk. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Level 3 investments are valued using discounted cash flow methodologies.

21. Functional Expenses:

Operating expenses are presented by functional classification in accordance with the overall service missions of the Organization. Each functional classification displays all expenses related to the underlying operations by natural classification. Salaries, employee benefits, medical supplies, and medications, and purchased services and other expenses are generally considered variable and are allocated to the mission that best aligns to the type of service provided. Interest expense is allocated based on usage of debt-financed space. Depreciation and amortization is allocated based on square footage and specific identification of equipment used by department.

22. Liquidity:

Operating liquidity comes from patient revenues, and contributions. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. The Hospital monitors its liquidity so that it is able to meet its operating needs and other contractual commitments while maximizing the investment of its excess operating cash.

Financial assets are considered unavailable when not convertible to cash within one year or are subject to donor-imposed use or time restrictions other than for general operations within one year. The Organization also has a \$2,000,000 line of credit, which it could draw upon in the event of an anticipated liquidity need (see Note 13).

The following reflects the Organization's financial assets as of September 30, 2022 and 2021, reduced by amounts not available for general use:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 5,009,318	\$ 9,510,428
Restricted cash	100,947	104,044
Short-term investments	5,838,799	7,521,023
Patient accounts receivable	5,140,186	5,924,616
Other receivables, net	800,540	756,030
Estimated receivables with third-party payors	48,713	-
Assets whose use is limited	26,136,708	23,963,438
Other investments for restricted activities	6,231,386	7,639,139
Charitable remainder trust	204,157	277,976
Beneficial interest in perpetual trusts	1,532,170	1,971,486
Total financial assets as of September 30	<u>51,042,924</u>	<u>57,668,180</u>
Less amounts not available to be used within one year, due to:		
Restricted cash	(100,947)	(104,044)
Net assets with donor restrictions	<u>(7,704,583)</u>	<u>(9,334,971)</u>
	<u>(7,805,530)</u>	<u>(9,439,015)</u>
Financial assets available to meet general expenditures within one year	<u>\$ 43,237,394</u>	<u>\$ 48,229,165</u>

23. COVID-19:

In March 2020, the World Health Organization declared the COVID-19 outbreak a pandemic and the United States federal government declared COVID-19 a national emergency. The Organization quickly developed and implemented an emergency response to the situation to ensure the safety of its patients and staff. A key decision was made to postpone elective and non-urgent care in mid-March. Several factors drove that decision, including efforts to reduce the spread of COVID-19; conservation of personal protective equipment ("PPE"), which was and remains in critically short supply worldwide; and at the urging of the CDC and U.S. Surgeon General who in March urged all hospitals to reduce the number of elective procedures and visits.

WINDSOR HOSPITAL CORPORATION
(d/b/a MT. ASCUTNEY HOSPITAL AND HEALTH CENTER)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As of and for the Years Ended September 30, 2022 and 2021

23. COVID-19 (continued):

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) to provide economic assistance to a wide array of industries to ease the financial impact of COVID-19. As part of the CARES Act, the Centers for Medicare, and Medicaid Services (“CMS”) expanded its Accelerated and Advance Payment Program which allows participants to receive expedited payments during periods of national emergencies.

As of September 30, 2020, the Organization had received approximately \$10,992,000 in governmental assistance including funding under the CARES Act. This includes approximately \$5,256,000, of which \$0 has been recognized during the years ended September 30, 2022 and 2021 and \$2,533,000 was recognized during the year ended September 30, 2020, of stimulus revenue recorded as a component of other operating revenue in the consolidated statements of operations and changes in net assets as a result of satisfying the conditions of general and targeted grant funding under the Provider Relief Fund established by the CARES Act. The Organization recognized revenue related to the CARES Act provider relief funding based on information contained in laws and regulations, as well as interpretations issued by the HHS, governing the funding that was publicly available subsequent to September 30, 2020. The remaining approximately \$2,723,000 is reported as a refundable advance in the consolidated balance sheet as of September 30, 2022 and 2021. Subsequent to September 30, 2020, HHS issued multiple Post-Payment Notice of Reporting Requirements (PPNRR) which established the reporting criteria for providers which received Provider Relief Funds under the CARES Act. The PPNRR also provided guidance related to the determination of lost revenues and COVID-19 related expenses under the terms and conditions of the Provider Relief Funds received by the Organization. Due to the nature and extent of the guidance that existed as of September 30, 2020, the issuance of the PPNRR is a substantial change from the initial guidance that the Corporation operated under. The Organization was required to report on the use of the Provider Relief Funds by November 30, 2021. The reporting subjects the funds to potential adjustment and certain amounts may need to be repaid to the government. It is unknown at the report date what impact this will have on Provider Relief Funds and revenue recognition. Amounts recognized as other operating income for the years ended September 30, 2022 and 2021 are subject to change and those changes could be material.

In November 2021, the Organization received approximately \$1,362,000 in American Rescue Plan (ARP) Rural payments through the Provider Relief Fund and in December 2021, another \$155,000 in Provider Relief Funds. As of September 30, 2022 both are reported as refundable advances. The Organization is required to report on the use of these funds by March 31, 2023. The reporting subjects the funds to potential adjustment and certain amounts may need to be repaid to the government. It is unknown at the report date what impact this will have on Provider Relief Funds and revenue recognition. Amounts recognized as other operating income for the years ended September 30, 2022 are subject to change and those changes could be material.

During 2020, the Organization recorded approximately \$5,736,000 attributable to the Medicare Accelerated and Advance Payment Program representing working capital financing to be repaid. Approximately \$3,141,000 and \$2,595,000 was repaid during the years ended September 30, 2022 and 2021, respectively. The remaining funds of approximately \$0 and \$3,141,000 are recorded as a contract liability, as a component of estimated third-party settlements, in the consolidated balance sheet as of September 30, 2022 and 2021, respectively.

The Organization has also taken advantage of additional Federal and State programs including the Front-Line Employees Hazard Pay Grant Program and FEMA funding to help offset some of the incremental costs being incurred to provide comprehensive and safe care during the pandemic.

24. Subsequent Events:

The Organization has reviewed events occurring after September 30, 2022 through February 6, 2023, the date the board of trustees accepted the final draft of the financial statements and made them available to be issued. The Organization does not believe that any events requiring recognition or disclosure have occurred between the period of September 30, 2022 and the report date, February 6, 2023. The Organization has not reviewed events occurring after the report date, February 6, 2023, for their potential impact on the information contained in these consolidated financial statements.
