Subject: Extension Request: ACO Performance and Benchmarking Results

Dear Green Mountain Care Board and Health Care Advocate Policy Teams:

Per Amendment #1 of FY24 Accountable Care Organization Budget Order Condition 1, OneCare must submit an updated benchmarking report to the GMCB by September 30, 2024, inclusive of new statistical significance analysis. We appreciate the August 15th approval to extend the due date of this report to November 22, 2024.

Due to the national, multi-year scope of this project and slower than expected data availability from CMS, the vendor has indicated that it will require additional time to produce the benchmarking report. OneCare is requesting a further extension to December 20, 2024. This time is needed for the vendor to analyze data from CMS, create the report, and conduct appropriate external data quality assurance processes to allow for this report, including statistical significance analysis, to become a public document. Please note that if the report is available sooner, we will submit it timely.

Thank you for your consideration. Please let us know if you have any questions.
