

## NMC Responses to GMCB FY25 Hearing Questions

1. You've allocated \$37 million for 'other non-salary expense.' Can you please provide more detail on what this would include? **Please see attached**
2. What are your top five most common Medicare Advantage plans? **Please see attached [not to be posted publicly]**
3. Please provide any contracts you have pertaining to the New England Health Collaborative or any affiliated entities. These contracts were required under Guidance. **Respectfully, we do not believe these contracts are required under Guidance. Per Guidance, we are required to "Submit copies of contracts you have with any Medicare Advantage Plans or Management Companies." The contracts in place between NMC and the New England Health Collaborative do not fall into either of these categories. In the spirit of partnership and collaboration, we are happy to discuss the issue further if you would like. We currently have two contracts in place, both of which are proprietary and confidential.**
