**Comment:** This year i seriously considered getting my self and oldest child the nasal flu vaccine only to find out that it is near impossible to get in the area. The northern counties health care facilities do not carry it and the newport pediatrician wants u to either make a separate visit out there or visit a flu clinic both which are about an hr drive from island pond. I had the hpv shot given to me as slow release as a kid it traumatized me and i do not do needles now.

**Post Comment:** Yes
