Comment: The community of Townshend and the surrounding area have demonstrated exceptional support for Grace Cottage Hospital because people recognize how essential it is to have health care close to home. GCH has saved lives, I know this from personal experience with a close family member. While every Hospital in VT has experienced financial challenges, we are very fortunate that our community has so generously supported Vermont's smallest Hospital. This allows Grace Cottage to provide care, employ care givers and other personnel and to contribute in so many ways to the vibrant fabric of this area. I would urge the Green Mountain Care Board to also demonstrate support to ensure that Grace Cottage Hospital can continue being such an important part of Townshend and Windham County for future generations.
