Dear Green Mountain Care Board Members:

I am writing in support of OneCare Vermont Accountable Care Organization's fiscal year 2024 budget. I serve as the Chief Strategy Officer for Dartmouth Health and I have been a member of OneCare's Board of Managers since its formation. Dartmouth Health members participate in many of OneCare's payer contracts and value the important work of OneCare to align providers across Vermont as we continue to transition from volume to value based payment models.

Participating providers benefit from the data and analytics OneCare provides related to cost, quality, utilization, and comparisons across the network. These data, along with OneCare's investments in population health initiatives, are critical to the network's ability to improve quality and lower health care spending. On behalf of Dartmouth Health, I strongly recommend approval of OneCare's fiscal year 2024 budget.

Sincerely,

A handwritten signature in black ink that reads "S. LeBlanc".
