Topic: AHEAD Model

Comment: I'm a retired Internist from Bennington and I oppose the AHEAD proposal. It won't make primary care more available or reduce out of pocket costs that deter people from seeking medical care. It won't attract more primary care providers to Vermont as it will add to administrative burdens. We have so many payers that holding hospitals to a global budget will be impossible. AHEAD is just another delaying tactic to avoid state sponsored universal primary care.

Post Comment: Yes
