Topic: PCAG Meeting

Comment: Presentation to PCAG 3.20.2024 Section IV - Contextual Information (slide 25) Primary Care Providers Rate: As presented, this measure does not include APRNs, who provide a quite a bit of primary care in Vermont, with Full Practice Authority, or independent practice, without supervision. Adults with a Routine Doctor Visit in the Past Year: As presented, this is somewhat misleading, as APRNs, PAs, and MD/DO all complete routine preventative care for patients.
