Comment: I would like to see a livable wage for all (starting at \$20 per hour) and pay based on experience as well. I work on all of the in patient units at UVMHC and have worked here for 12 1/2 years. I do not make a livable wage even with all of my years of employment. We work at the states biggest hospital and care for everyone in our community. I love my job and would love to be able to afford to live here. What can the GMCB do to support the employees at the Medical Center?
