Topic: Hospital Budget

Comment: We need another check in person at our clinic. We are responsible for up to 300 Appointments in a day. We do not have enough staff. If a Patient comes into our clinic and has an Issue we get behind helping other Patient's until they are moved to another area from our desk. When it comes more resources for staff I always hear "its not in the budget". Let's make sure money for front line staff is in the budget.

Post Comment: Yes
