Topic: Hospital Budget

Comment: I would like to receive better pay for the amount of pressure I face in my job on a daily basis. I would also like to see our management value the teams contributions more. I feel that we've been taken for granted, and that just anyone can come in and do our jobs. We're asking the board to consider ensuring that the UVM Medical Center prioritizes in our budget the most important resource; employees. We have been undervalued for too long.

Post Comment: Yes
