Town/City: Milton, VT

Topic: Hospital Budget

Comment: UVM Medical Center is our largest medical facility in the state. It is committed to providing excellent care to patients in need of their services. Reducing the revenue and overall budget will limit the ability to provide for their needs and reduce their ability to stay on track with new medical developments and therapies. In addition, the ability to recruit and retain a skilled workforce is affected when they are not able to stay competitive in salaries commensurate to the cost of living in the Burlington area. UVM Medical Center is made up of people, not numbers.
