Comment: It is unclear to me why hospitals and affiliates get reimbursed 3 to 5 times more than independent outpatient clinics. We all have the same licenses and should all get reimbursed at the same rates. We have not had a rate hike in years, however, inflation continues to grow. Your lack of increase has made me think about leaving the field I have been in for over 20 years. Reimbursement should be the same across the field. Hospitals are able to pay their physical therapists \$10 more an hour. Often, it is for a less experienced clinician. Please start reimbursing us all equally.
