Comment: I have practiced PT for 20 years. I love my job and enjoy helping people. I am paid about \$2/hour more than I was 13 years ago, because the private clinic I work at has not received an increase in reimbursement from private insurances, and therefore, does not have enough cash flow to increase salaries. PLEASE HELP PRIVATE CLINICS STAY ALIVE! Please help physical therapists earn a wage compensatorate to their education and their public service!
