Comment: I was a patient in the ER at Grace Cottage on August 21, Dr. Schaffer quickly order a CT scan and was in direct communication with Dartmouth. Another CT scan was ordered with contrast this showed I had blood clots. I was transfered to Dartmouth Cardiology where I stayed for 10 days. If it was not for the quick and accurate evaluation by Dr Schaffer I would not be writing this today. My friendly undertaker would have been picking me up. I was told by more than one Doctor at Dartmouth to keep going to Grace Cottage for help do not go to BMH which is in Brattleboro where I live. 20 minutes for wonderful care is worth it.
