

OneCare-Letter of Support

Email received October 22, 2020

Please accept this email as our letter of support for OneCare Vermont as the GMCB reviews this organization's budget submission. BMH and our affiliated Medical Group has been engaged in OneCare since its inception, participating in all 3 major payor agreements. We support the transition from fee-for-service to value-based payment reform and OneCare is the vehicle best positioned to accomplish this goal. Payment reform is truly a massive undertaking, especially since the current system of reimbursement has been in place since the inception of Medicare in the mid-1960s. OneCare has been at the forefront of this reform effort and I look forward to GMCB's continued support of this organization, its Leadership and mission! Thx, steve
