Comment: I am concerned about Vytalize Health's ACO REACH program inserting an out-of-state, for-profit middleman into Vermont community health care. I am sure cost saving can be done within Vermont's medical systems. But it seems wrong to allow a profit-making group in, which has a purpose of siphoning money out of Vermont. Please protect Bristol's small, relatively new institution, which was created to provide care to underserved rural Vermonters.
