**Comment:** This is the duty of the GMCB."GMCB improves Vermont's ability to collect and evaluate health care data from across the state's health care system. This helps the Board, state agencies, and policymakers assess ways to provide more affordable, higher quality health care. GMCB promotes transparency and understanding of Vermont's health care system." "Vytalize Health," submitted a budget to the Green Mountain Care Board (GMCB) to manage the health care of Medicare beneficiaries at two federally-qualified health centers-- the Mountain Community Health Center in Bristol and Little Rivers in Orange County.I live in Corinth- in Orange county- Vermont. I care about Little Rivers. Please reject this budget and reject this arrangement because we don't want private equity backed firms like Vitalize to come in and become an intermediary between seniors and their providers.
