Topic: Medicare private equity Vitalize for Mountain Community Health

Comment: I have heard that there are plans for having the private equity firm Vitalize to work with Mountain Community Health center in Bristol VT, and now is the rather brief (and awkward - over holiday) time to comment. I would like to register my disapproval of this potential setup. I do not want a private equity firm getting involved in dealing with care at MCH. I dont feel confident that Vitalize will have patients concerns at the forefront.
