Comment: I was outraged to find out that an impossibly short period of time has been given for public comment on the Vitalyze ACO-REACH private equity program becoming the intermediary for Mountain Community Health in Bristol. I seriously doubt that Vitalyze will improve outcomes for patients or physicians. With a deadline for comment coming up on Dec. 1, and this only being announced on Nov. 15 with the Thanksgiving holiday in the middle of it, it makes me very suspicious. This is not acceptable, and I DO WANT more time to research it before it can be implemented!
