Topic: Hospital Budget

Comment: I am a Patient Access Specialist at UVMHC. I need better pay. I work remotely so the amount of money being saved by the hospital by not paying for electric, water, sewer etc is huge. I need better compensation for internet usage being remote and for using my personal cell phone for work related tasks. We're asking the board to consider ensuring that the UVM Medical Center prioritizes in our budget the most important resource; employees. We have been undervalued for too long.
