Accountable Care Organization

Comment

One Care funding – through care coordination and population health payments – are critical components of the support required to provide patient-centered care, treat and prevent chronic conditions and enable efforts to improve the quality and efficiency of our services. OneCare has made progress in addressing accountability and developing value-based incentives and we look forward to further engagement in these efforts.

Your public comment will be shared with the Board. To promote transparency, the Board sometimes posts public comments on its website. Are you okay with the Board posting your comment? If no, your comment will be sent to the Board but not posted.

Yes
