We do need a better support for hearing aids benefits. We are only one state out of New England states that does not have coverage for hearing aids. We need to have a better coverage for it. I have not get a new hearing aids for myself because I cannot afford this anymore and the insurance does not cover this. If I had wanted to get hearing aids then I would have to go on my husband's health insurance since its in New Hampshire. We do need to vote yes on coverage for hearing aids. Thank you!
