The Rutland Regional Medical Center knowingly creates bogus bills. In my case Medicare Fraud Unit assured me that no such bill was ever presented to Medicare. When I called and stated I had paid the doctor bill that they sent me at my doctors office at time of service. The supervisor stated that it was a facility usage change since the doctor was paid. When I told them the bill was bogus and I wasn't paying, they sent it to a debt collection who threatened the unpaid bill would be added to my credit report in a letter I received!!! This is common place and those of us with fixed income shouldn't be getting scammed by a community resource where trust is a requirement.
